The 1924
ANNUAL

FEBRUARY

JUNE

THE PARKER HIGH
SCHOOL · CHICAGO

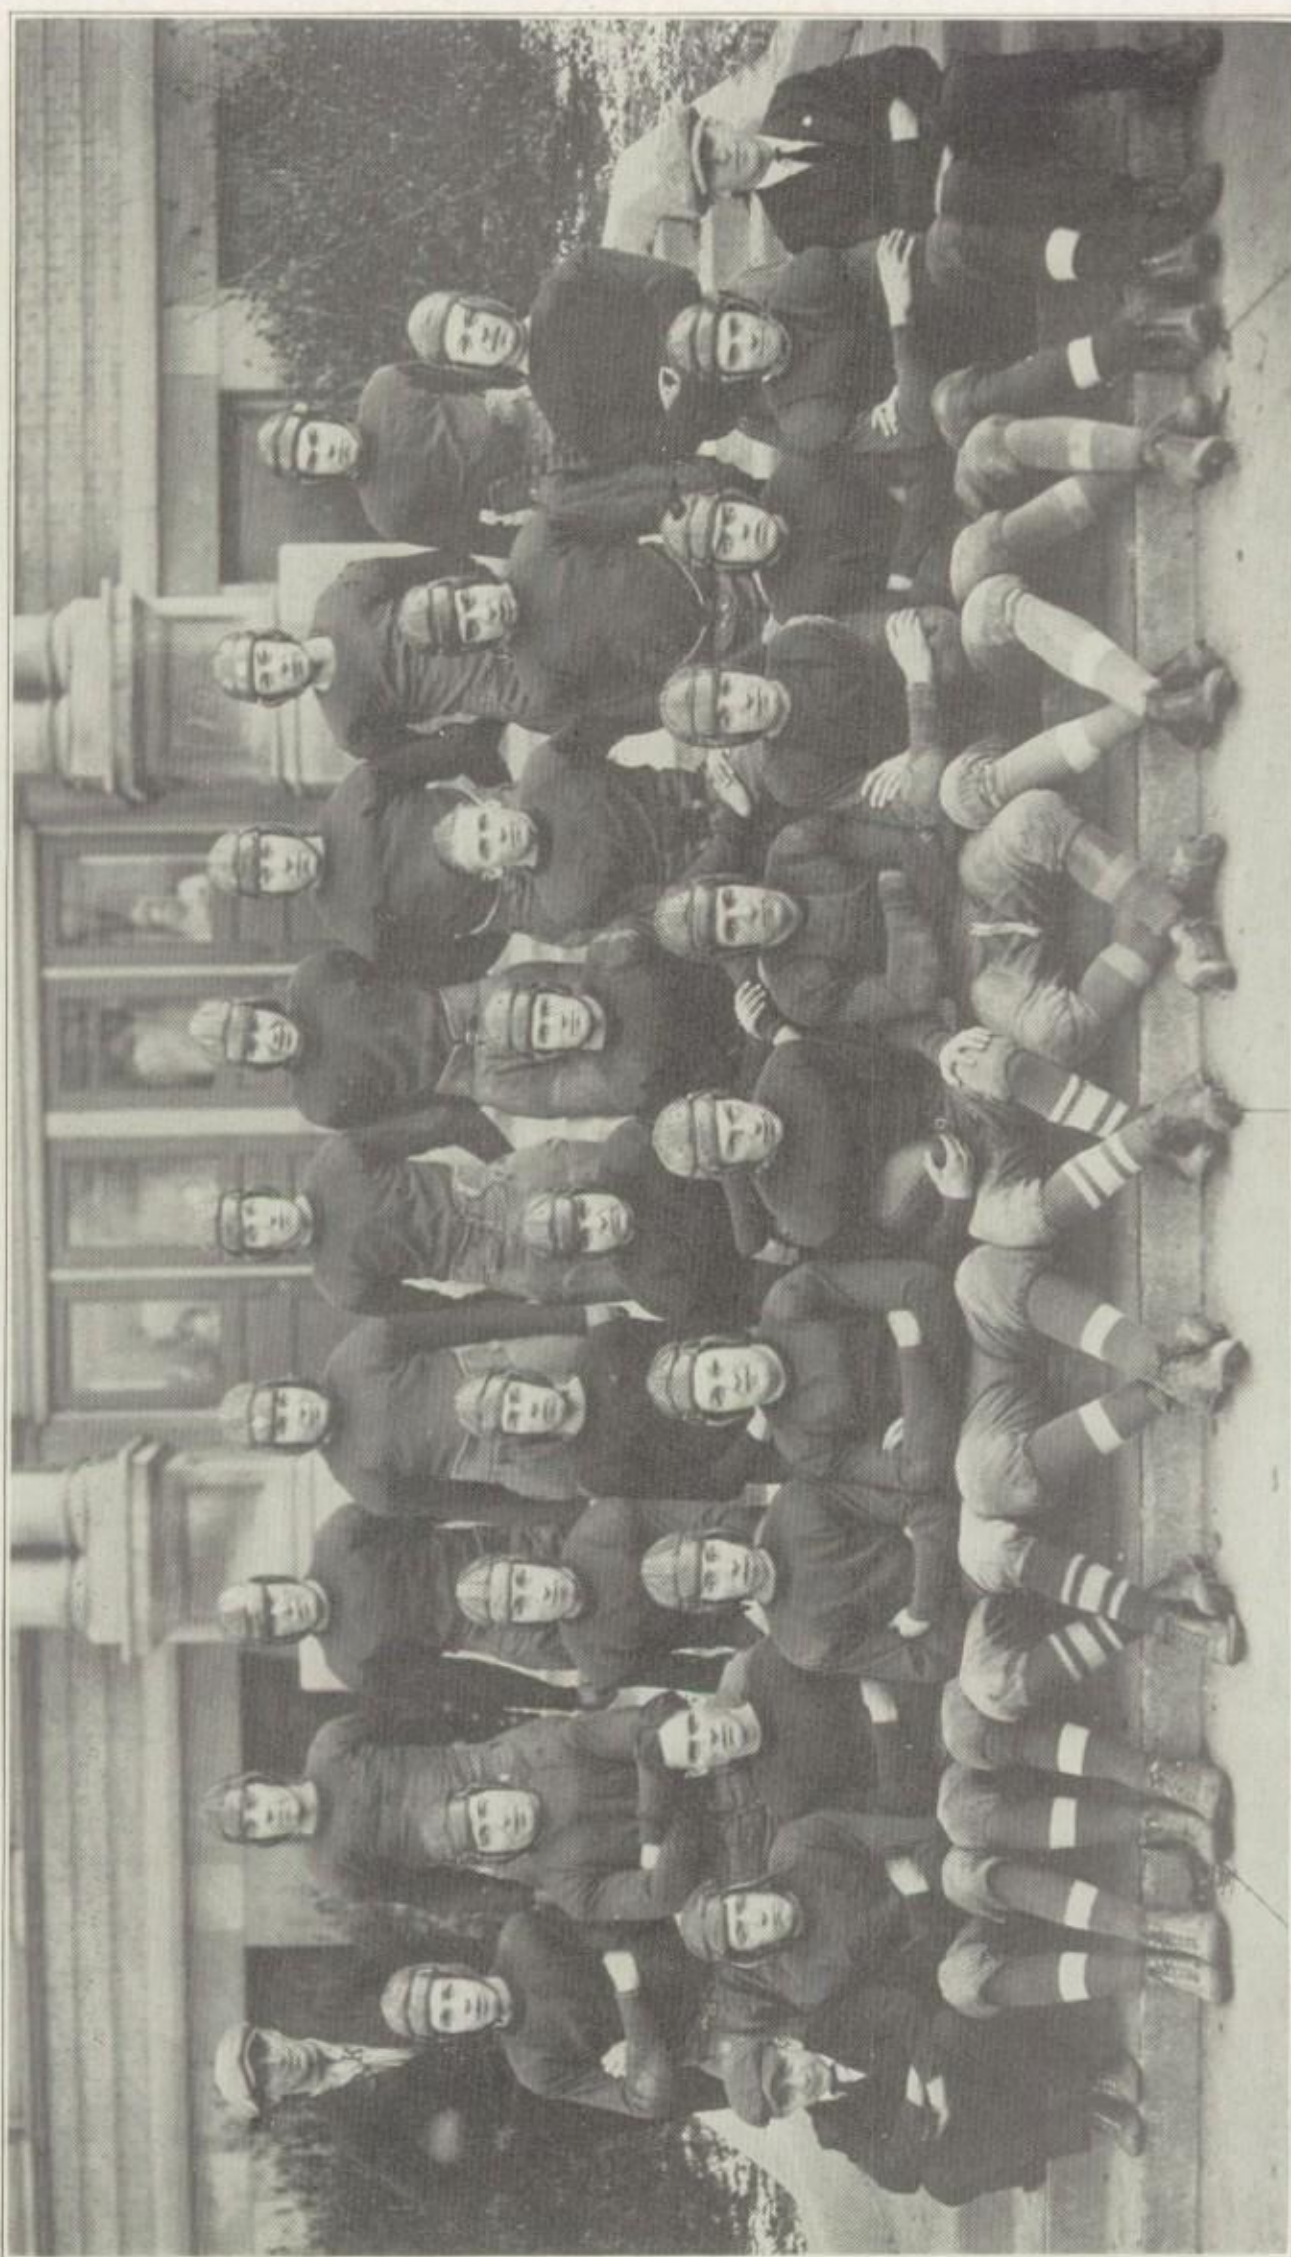

Foreword

O Parents, Faculty and Friends, to Students and Alumni, we offer this book, the Parker Annual of 1924:

We trust you may find herein a true chronicle of the past year; of activity in school and in classroom; of successes, literary and dramatic; of triumph and defeat on the athletic field.

That this Annual might faithfully interpret the true spirit of Parker has been our aim; may you who peruse these pages find this aim fulfilled.

1924 Champions of Division B.

In the sportsmanship of our Champion Football Team---Because the spirit of true sportsmanship, the motive power of enduring good in the world today, alone creates a great school, because the merited success of our leaders, our teams, and the student body of Parker High is the expression of that spirit of generosity, sincerity, and self sacrifice - - -

We, the class of 1924, dedicate our annual to this lasting ideal.

A Glance Into the Three Archives

F the graduate of '24 could turn back the pages of history and catch a glimpse of "Normal Park" as it appeared in 1900, he would see an unfamiliar place. Instead of the trio of buildings now so well known to alumni of three different schools, he would observe two structures of red brick, surrounded by trees. These were the original Cook County Normal School and the dormitory for its students and teachers.

But there are no gray-haired alumni of Parker High School to bring reminiscences of primitive days in the "old building." The school was organized in 1910 in five rooms of the Parker Practice Building. Mr. William B. Owen was the principal, and the first teachers were Mr. Smith, Mrs. Dillon, Miss Dopp, and Miss Camenisch. The first recruits for this small faculty were Miss Wentworth, Mr. Helbing, and Mrs. Lovell.

School activities flourished from the first. The students of the first years published a newspaper, gave excellent dramatic performances, entertained the pupils of the Haines School at Christmas time, and won a basketball championship.

The ideals of high scholarship and hearty co-operation of teachers and students in school enterprises, established in that day, are still cherished by the fifteen hundred students and fifty-five teachers of the present year.

FACULTY

A Year at Parker

HAT has it meant to you, Freshman, Sophomore, Junior, Senior? What has it meant to parent, neighbor, City, State, Country, World?

As Freshmen you have been thrown into new fields of work with a freedom of self direction quite new to you. Have you made the most of your opportunity? Have you found helpful associations?

As Sophomore have you continued the good work you began as Freshman or profited by the mistakes you made then?

As Junior have you begun to plan your vocation and direct your studies to that end or are you drifting?

As Senior have you consummated plans that have a definite aim? Wise is the fellow who has chosen a vocation by the time he reaches his graduation day.

Your parents and neighbors have noted the influence that Parker has had on your character; whether or not you have developed normally in integrity, intelligence, industry, good fellowship, square dealing, dependability, initiative; whether or not you have formed good associates, good habits and the ability to put proper value on time, money and good ideals.

The City, the State, the Country and the World want to know what progress you have made toward becoming a useful constructive citizen, one that will perpetuate the best forms of government and the best ideals of manhood and womanhood. We as citizens of a wonderful high school have had an opportunity to have our minds trained to run in rich fields of service and worthy endeavor.

If your high school means to you what it seems to mean to me, Parker will live throughout the ages in you and those whom you will train to follow in your footsteps,

Charles H. Perrine.

SENIOR

FEBRUARY

To the School

WE who are leaving bequeath to you this annual. We as we give you our book are turning the last pages in the second chapter of our lives. But it is not a closed chapter for it may be reread and relived with startling realism as we turn back through the pages of the annual. We are leaving you, the Freshmen, a vivid record of your first, happiest, and most difficult days at High School; to the Sophomores we give a completed two year history of new experiences, new friends, new activities; to the Juniors we are leaving a book of gains, improvements, and failures, by which they cannot help but profit. This is a recapitulation of what we have done here at Parker. We see in it our trials and our joys; may you find only the joys.

KATHERINE HIBBARD—"Kay"

P. C. L., Secretary Girls' Club, Dramatic Club, Lorelei Secretary, Mikado, Personals Annual

MARY HINMAN

From Park Manor to Miami

*P. C. L., Girls' Club, Dramatic Club,

Kampus Key*

Mary never uses a hammer, always a horn. She finds the best in every one, and so has the best in herself.

ESTELLE HINTZ

LEROY MASSEY

CHARLES NEWTON—"Phigg"

From Parker Junior High to U. of Chicago

P. C. L.

Though he is called "The Little Minister" his snappy clothes belie his title.

Always on her good behavior, but still we feel there is some mischief lurking behind Marg.

"MARGARET RITCHIE—"Peg"

P. C. L., Girls' Club, Dramatic Club, Lorelei, Cantata, G. & W., P. G. A. C.

Combine the verbs "to love" and "to dance" for Peg loves to dance. From her numerous medals we believe that some day she will rival Pavlova.

CELIA ROSENZWEIG

P. C. L., Girls' Club, Owls

The True Chronicle of the Class of 1924

CHAPTER I.

Now the history of the Class of Four and Twenty, of the Parker High School, of the City of Chicago, County of Cook, State of Illinois, is in this wise:

In the beginning, in the year one thousand nine hundred and twenty, in the ninth month, on the fourth day of the month, there entered this land of learning, four hundred seekers after knowledge. They came up from the eighth grade, where for many months they had been pursuing those elusive things known as Studies. All were green and fresh, and all were exceedingly innocent.

And it came to pass, as they did enter this land, that they were not received with wild welcomings and rejoicings, as they had expected, but lo! they went unnoticed and unseen. And they became sad, and full of fear, and they said; "Behold, how marvelous is this Palace of Learning, and how insignificant are we!" But they took courage and inquired among the strangers, "Where is this Hall of Study where we have been instructed to meet?" And the strangers, out of the kindness of their hearts, told them with serious mien. And some were directed to the third floor; and some were directed to the basement; but the greatest of their numbers were told to take the elevator. One by one, and two by two, male and female of the species, they wended the thorny road to the Hall of Study.

And it came to pass, when they had all gathered therein, that they beheld before them the Ruler of Parker. He spoke unto them, saying: "Behave nobly; do not engage in any form of mischief, and your way will be easy, and your troubles few in number."

Then were they sent to their division rooms, where they were numbered, by their families, by their father's houses, according to the number of names, every male and female, by their polls, from twelve years old and upward, all that were able to go forth and seek knowledge in Parker.

Likewise, they were received with malicious glee by a certain band of wild beings called sophomores, and who, because of their fierce taste for freshman blood, did pounce upon them daily, and did cause them to suffer great things, and to say in their hearts:

"Behold, blessed be the name of Education, for because of it we have suffered great torments, both of the body and of the mind."

And it came to pass, that they had not been long in the land before they were accosted by strange creatures called delegates, who sang the praises of an organization known throughout the world as the P. C. L., and the delegates waged war on the freshmen, and after a long and bitter struggle, each freshman was subdued and was made to surrender his quarter in order to become one of the members of the P. C. L.

Now it so happened that soon after the class of Four-and-Twenty did

enter into Parker, one Charles Perrine, a man of much wisdom and good repute, did come to rule over them and in the course of time did become much endeared to the hearts of this class.

And as the Class of Four-and-Twenty dwelt long in the land, they fell in with the customs of the inhabitants therein and their strangeness wore away, and they became each as one among the rest.

CHAPTER II.

Now it came to pass at the beginning of their second year, that the members of the Class recognized their great importance, and they inquired, one among the other, saying, "What dire catastrophe would come to pass if the Class of Four-and-Twenty left Parker?" And the wise ones among them shook their heads and shuddered to think of the consequences. Surely this House of Knowledge could not get along without them!

It also happened that about this time there came up from the wilderness a new band of youths, and the Class of Four-and-Twenty, in the new dignity of their promotion, remembered the days of their own innocence and greenness. And as the sophomores of their day had done unto them, so did they unto these freshmen, and they did show no mercy unto their sufferings.

And it came to pass, that the wise and mighty seniors decided to present to the people a great and wonderful play, wherein each should act what he was not. Now it so happened that many members of the Class of Four-and-Twenty aspired to histrionic honors, but although many were called, few were chosen. And the wise and mighty seniors did choose as a play a great comedy known as "The Yokohama Maid," and lo! the awful deed was done and the multitude did cry out in their hearts, "Heaven forgive them, for they know not what they do," and with their lips, "How grand and wonderful is this thing which ye have done!" And the heads of the members of the class did become swelled to their fullest capacity at the praise they did receive for the murderous deed they had done.

And as the Class did journey through the land it acquired much wisdom and book learning. And the teachers did gaze upon the Class and saw that it was good, and promoted it, so that at the end of the second year the proud members of the Class of Four-and-Twenty were known as "Juniors."

CHAPTER III.

Now it came to pass, that in the third year of their sojourn in the land, the Class of Four-and-Twenty found favor in the eyes of their rulers, and success looked fair to them, and they were much rejoiced.

And behold, it did likewise come to pass at this time, that the rulers of the Division Rooms spoke unto them, saying, "Go, gather ye in a body and organize yourselves into a class, that ye may gain in strength, and that your courage may wax hot."

And as they spoke unto them, so it was done, and they chose the wisest of their ranks to be their leader, and called themselves with much pride, the Class of Four-and-Twenty.

Now it soon came to pass, that many of them were seized with a strange infirmity, which did cause them to grapple with their fellows with much rage and seeming ferocity. Wise men were called to look upon them, who did examine them with much care and pains, and did finally pronounce the infirmity in the male, "football" and in the female, "captain-basket-ball," and did assure the frightened leaders that the malady, while it needs must be contagious, and likewise sometimes fatal, was yet a necessary evil, and one that even wise men know not the way to cure. So, with anxious fears and dire forebodings, did the instructors allow the disease to run its natural course, and none was killed and few were injured, whereat there was great rejoicing throughout the land.

And it came to pass, that many of them aspired to honors in literature, and they did become members of the staff of a large newspaper known as "The Green and White," wherein they did chronicle the activities of the people, and did report many things concerning them which were both true and untrue, and which the people laughed at with great laughter, and which did cause them to exclaim, "How wise and witty must be those among us who write these jokes and these humorous sayings which they call "The Cracked Mirror," and "Just About Us."

And it came to pass that the members of the Dramatic Classes and of an organization known throughout the world as the Dramatic Club, did decide to present the great and far famed "Pageant of Troy" and lo! the members of the Class of Four-and-Twenty did receive many important parts and did cause the Pageant to attract the attention of great newspapers and magazines. And the people did say, "Behold, what great and marvelous thing the students of Parker have done."

And lo! the Class went on its way with great rejoicing through the land of plenty and promise, and did acquire much of the wisdom of their elders. And at the end of the third year of their sojourn they were known as "Seniors."

CHAPTER IV.

Now it so happens that during the fourth year of their sojourn in the land, which has been one of much hard work, and but little resting by the wayside, the Class of Four-and-Twenty has dwelt all together, both male and female, in the large and magnificent Hall of Study, over which reigns one Mary Dopp, a woman of much learning and great wit.

And it had come to pass that the pride of the Class of Four-and-Twenty had grown to a great bigness within them, and they cried out, saying, "Behold, now are we seniors and people of much wisdom and we are truly great."

But their ruler called them children, and lo! after many days their pride grew smaller and their sense greater. And they laughed with great laughter at the wit of their ruler.

Likewise it came also to pass, as the time of their Commencement drew near, that the class began to wish for badges befitting their station, consequently pins and rings were purchased with which they rested well content.

Now it so happened that it had long been the custom among the seniors to hold every year a great festival and dance, which was known far and wide as the "Senior Prom," wherein the seniors did dance and make merry. So it happened that a great cry went up from the throats of the Class:

"Lo! if it doth happen that we are to have a 'Prom' after many days, it appeareth that there is much need for many dollars wherewith to provide the song and dance thereof!"

And so, thinking these things there went among the members of the class some individuals known as the "Social Committee" and with great labor did they collect the dollars wherewith to provide the song and dance. And after many days the "Prom" was held, and the people did turn out in great numbers, and did make of it the success that delighted the hearts of the members of the Class.

And it came to pass that the now "wise and mighty seniors" decided to present again to the multitude a great operetta, this time known as "The Mikado," and this operetta did turn out to be a success greater than "The Yokohama Maid," and all this did make the Class of Four-and-Twenty glad, and they went on their way rejoicing.

It so happened that as the Class of Four-and-Twenty journeyed through the land that many of its members dropped by the wayside, so that of the four hundred that had entered the land, only one hundred and eighteen departed, for verily, verily, I say unto you, that broad is the gate and wide is the way that leadeth to high school; but straight is the gate and narrow the path that leadeth to graduation, and many are they that find it not.

Four years did the Class of Four-and-Twenty sojourn in the land, and gather in large portions of the fruits from the Tree of Knowledge. But it is written "In the day when ye shall have eaten of all these fruits, ye shall surely be driven forth from the land," so they departed thence, to go each a separate way, to lands they knew not of, to do, they knew not what.

June Class Prophecy

In the graduating class of this school there were 120 bright and energetic students, seekers of knowledge. Many and varied were the paths these students followed after the greatest of all events, graduation.

George Hallenbeck, the vice-President, always a connoisseur of good food, became chief chef in the kitchen of the Billion Bucks Hotel.

Ferne Johnson, a most capable secretary, became a second Ethel Barrymore, much to the pleasure of Miss Baker, her dramatic teacher.

The class treasurer, Jim Pearce, lived to marry his fairy, and became a most prosperous travelling salesman.

Arthur Aasen, much famed for his excellent voice, became a baritone singer, while Melvin Anderson became a famous country doctor in Libertyville, Minnesota.

Estelle Bihl, of the wonderful figure, became a mannikin for the firm of Musser and Mingea, a famous Fifth Avenue establishment.

Both William Huston and Floyd Doty followed their natural tendency toward the literary line. Bill became editor of College Humor, while Floyd became a writer for the more serious publication "Kankakee Klassiks."

LeRoy Massey and Frank Loesche, heirs to the Wanderlust millions, set the styles in men's clothes of Europe for years.

Frances Brooks had the great honor of being the first woman speaker of the House while another Frances, Frances Anderson, became the third angle of the famous triangle so many times that a new law was passed prohibiting third angles.

In "Chains of Jealousy," the greatest movie ever produced, by Alex Thom and George Pfothenauer, Margaret Dearborn played the part of the heroine, Victor Walling the hero, Roy Poirot the villain, and Gloria Werkmeister the vamp. The scenario for this wonderful production was written by Ruth Cambourn and Clara Friestadt, who collaborated in the early years of their career.

The physics shark, Ada Boehm, continued in this profession as a teacher at Bryn Mawr College.

Dennis and Eugene McCarthy became active in the political circle of Chicago, Dennis being Chief of Police, and Eugene Chief of the Fire Department. Under Chief McCarthy, Ruth Buhlig was one of the best policewomen, being the crack shot of her squad, and capturing more bandits single handed than any other person.

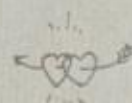

The dancing studio of Cox and Rysdon was started a few years after they left Parker. Miss Cox taught ballroom dancing and Miss Rysdon gymnastic dancing. Florence Cox became as well known as Irene Castle and Flo Rysdon became a second Pavlowa.

The Sunshine trio, composed of Mabel Cooper, Dorothy Oxley, and Nellie Hughes, delighted audiences for years at the Chicago theatre with their wonderful musicales.

When many of the former Parkerites were re-decorating their homes, they called upon the firm of William Wendt and Son, interior decorators, to perform the task.

Kenneth Gapen, shortly after leaving school founded the famous Gapen Comfort Shoe Company, and made a fortune at an early age.

This was the fate of these illustrious and enthusiastic students who graduated so many years ago from that most famous of schools, Parker.

ELEANOR ANDERSON

President

Obliging? Yes, and a good student, too. Eleanor always has a job as "Somebody's stenog."

JEANETTE DOORNBOS

A wizard at mimeographing and a girl with an obliging disposition. Jeanette is always busy doing favors for others.

RUTH BOVEE

Ruth is easy to look at because of her dimples and smile and pleasant to talk to. We know her sunny disposition will win her way.

GRACE BUIKEMA

Our smiling girl. No matter what happens or how bad the weather may be, Grace smiles and the rest of the world smiles with her.

EDITH ERICKSEN

A pretty blonde with "baby blue eyes," easy to get along with, a good sport, a good typist, and an attractive one.

ELSIE HAGEMAN

Because of her quietness we know little of Elsie beyond the fact that her constant companions say she is a mighty good friend.

JESSE KREMER

Jesse may be depended upon to do his best, whether it be collecting money or furnishing fun and amusement. He is the most useful member of the class.

MARGARET MURRAY

She has given us many minutes of relief by arguing with our class teachers—and she usually won her argument. She is also a shark in punctuation.

ELLA ALBRO

Her cheerfulness, brightness, and ever-readiness to appreciate a bit of fun have endeared Ella to all of us.

BERNICE BINGHAM

Just a little girl, and so quiet! We're wondering if she is always that way. It seems to pay, though, for behold the work she accomplishes.

DOROTHY DRYBURGH

Dorothy is the girl with the business-like attitude, who is always ready to do something for some one else.

FLORENCE HECK

A pretty big subject, but we all know how nice Florence is. She plans to be a dressmaker; not a stenographer at all.

MARSHALL HEMMERLING

The sheik of the Commercial Department. He combines good looks with persistence, and will be as successful in business as he is popular with the girls.

HANSINE JACOBSON

She never says a word; just works all the time. She may be slow, but you know the story of the hare and the tortoise.

FRED KRIMMEL

So bashful and timid is Fred that we don't know a great deal about him. He is to be admired, however, for his persistence and effort.

VIOLET ZIMMERMAN

Everyone confuses our two Violets for they are so much alike. This one is more serious than the other (sometimes), but like her, is returning to Parker.

VIOLET ZIMMER

Secretary-Treasurer.

Our pretty Miss Frivolous and class Secretary-Treasurer is a good little stenog who is bound to succeed. We are glad to know she is returning to Parker.

ELIZABETH VON BERNER

(February 4 yr. Commercial.)

P. C. L., "Pageant of Troy," Dramatic Club, Life Saving Club, Baseball, Rifle Team.

Elizabeth, our little mermaid, has made a great showing in baseball as well. Remember how very stunning she was as "Mercury" in the "Pageant of Troy"?

MARIE MARKMANN

We have an idea that Marie is not always as quiet as she appears to be in school, but we are sure that her lady-like ways are always with her.

LESLIE MOTCH

What should we do without Leslie's efficiency, jokes and smiles? He seems to know all about his lessons, typewriters, an' everything.

GENEVIEVE SCANLON

The other member of the duet. "Gen" has decided to return to Parker to share more good times with Clara.

CLARA STEEVE

The Steeve-Scanlon duet is well known to all of us. Clara is a good scout, well liked by all because of her friendliness and frankness.

BERNICE WILLIAMS

We like Bernice for her attractive personality, admire her for her ability as a student, and thank her for the anxious moments she saved us in class.

A smile so full of fun;
And every place that Helen went
That smile was sure to run.

All by her sweet smiles are won."

ROSEMARY ELIZABETH MORRIS

From D. S. Wentworth

'till we hear of "Rosie" as one of Mack Sennett's
Bathing Beauties.

P. C. L.

"A gentle voice, a friendly smile
A sweetness that all else disarms,
These are a part of her greatest charms."

There is a girl named Mary,
Who dances night and day,
And any music you might know
Mary Todd will always play.

FLORENCE MARY TORLUEMKE

From Mitchell

P. C. L.

Florence is very quiet and liked by everyone. Silence, as we know, is an invaluable asset to a stenographer.

MARIE ANN TRUDDEN

P. C. L.

Have you heard Marie tell a story?
Well, you don't know what you've missed;
Have you seen her cross or excited?
Why, how could you—she never is!

GENEVIEVE WEEKS

From Altgeld

P. C. L.

We're proud of her looks and we're proud of her style,
To find such another, you'd search quite a while.

VANJA ELLEN WINDCHY

P. C. L.

Oh, dear! wailed Van in black despair,
I simply don't know what to do with my hair.
I wouldn't mind its being so flat
If only I wouldn't get quite so fat.

JACK GILLARD

Secretary-Treasurer, Basket Ball Team

'23 and '24, P. C. L.

Handsome? Yes! And he'd just as soon break hearts as eat. But that isn't anything compared to his basket ball playing. His work is appreciated by his class.

MARION EDWINA KENT

ANNA MARION SALUSKE

From Mark

P. C. L.

Ann, the prettiest girl in our class, has that way about her that just makes you love her.

GRACE WENDT

Grace is our quiet little accountant. She certainly can figure. Evelyn and Grace are always together. No matter where you go, you'll always see them.

COMMERCIAL CLASS PROPHECY—JUNE, 1924

"Station PR—sizz—blurr—r-r-." Another five minutes and then, "This is Station PRKR." What? How familiar that sounded. Yes, just ten years ago I had left such a place to become a private secretary. Could it be the same old Parker? The next sentence convinced me that it must be, for the announcer continued, "The next selection will be 'Destiny,' composed by Professor Fate, sung by Mr. Life, with Miss Fortune at the piano; following which we will broadcast various news items."

Station EIA, New York City:—It is rumored that the largest salary paid to a young Chicago artist, is paid to Miss Iris Applegate, by the oldest publishing house in New York.

Since advertising by radio has become a commercial necessity, Miss Gertrude E. Bender wishes to announce that after June 1st The Bender Hairdressing Parlors will consist of the first three floors of the Straus Bldg., Jackson and Michigan Ave., instead of the ninth floor where it is now located.

Station ELB reports that one of society's leading ladies, formerly Miss Evelyn Biever, while traveling from New York to San Francisco, was robbed of a \$100,000 pearl necklace. It is hoped that by broadcasting the thieves' descriptions they will soon be apprehended.

Station GNB, Paris, France, reports that the International Championship for Typist goes to Miss Gertrude Bonnamy, who typed for three hours at the rate of 200 words per minute. Miss Bush came in second with 185 words per minute.

Station MEC, Paris Island, N. C., wishes to announce that the fall Mardi Gras opens next Monday night. Due to the splendid work of the society lioness, Mrs. Richard Koin, formerly Miss Marguerite Cannemeyer, of Hull House fame, it cannot help but be a great success.

Station ND reports that Miss Norma Dierson, former secretary to the mayor, will leave for Springfield as State Representative, having been duly elected by a great majority.

Station WDES reports that the greatest political battle ever fought was staged today when Representative Dinnerville beat Representative Stein by 50 votes for nomination to the Senate.

Station LMF, Buffalo, N. Y., reports that tomorrow a public stenographer, Miss Louise M. Fox, will sue the proprietor of the Statler Hotel.

Station JMG, Chicago, Ill., for credit purposes, reports the failure of the Gillard Automobile Equipment Co., the reason being that the assistants of the president, Mr. Jack Gillard, took advantages of his many absences and evaded their responsibilities.

Station CEG:—It is said that the new Civics textbook is not what it should be, but the author, Miss Catherine Geraty, claims that the revision which is now coming of the press will cover the subject more completely.

In pulling my chair a little closer to the set, my arm accidentally moved the nearest dial and lo, I was listening to the town crier:

Miss Vera Stephens, editor-in-chief of the Chicago Tribune, will lecture tonight at the Medill School of Journalism on "The Value of Things in Print."

Radio advertising:—Miss Helen Irwin will honor the patrons of the Tivoli Theater by playing "School Days" on the Tivoli Grand Organ at the 9:15 show.

I found myself listening to the most beautiful piano selection I had ever heard—and then announcer again, "Miss Ruth Karlson has just finished playing her latest composition."

Then the town crier informed that:

Miss Marian Kent has won the International Championship for Ski-jumping for the year 1934.

Major General Critton has recommended that Miss Margaret Koseck be given a Congressional Medal for her courageous actions during a recent battle with three desperate pickpockets.

I happened to get into a lot of amateur broadcasting, only to learn that Miss

Louise Krueger of Beardstown, Ky., will marry Silas Vanderbuilt, June 1st. The couple intend to spend their honeymoon in Chicago at the home of Mrs. James Harris (formerly Miss Anna Lindh).

This is to announce that Mr. Fred Short recently signed a contract with Flo Ziegfeld for a rumored sum of \$200,000 per year. It is reported here that the opening night of the Follies will be postponed, due to the fact Miss Helen Lofquist, his leading lady, sprained her ankle. In the event that she does not recover sufficiently to take her part before next week, Miss Rose Mary Morris, the world's greatest dancer, will play the leading role on the opening night at the New Colonial.

Among the victims of the great fire sweeping from State to Clark streets on Madison is listed Miss Florence Torluemke, who reports the loss of \$500,000 in women's wearing apparel and her prize dog, Feodore, who is placed at as great value as the entire stock of the store.

Again I endeavored to get back to the original station, PRKR, only to get mixed up with the International Press, who were broadcasting Foreign News:

Count Boise was slightly wounded in a great duel, fought to win at least the good opinion if not the heart itself of Mme. Cornelia Miller, world's international movie star.

Ireland reports an uprising of suffragettes, due to the sinister influence of their able leader, Miss Eileen McGuire.

The McMahon Biscuit Co. recently went under financially. It might be remembered that Miss McMahon five years ago started with this concern when it was the Sugar Wafer Co., and by her untiring efforts she impressed the officials of the company with her ability to manage. Within a year she became president of the concern at which time the name was changed to the "McMahon Biscuit Co."

Miss Anna Pohlman, a missionary worker in India, will return to America on the "Steamer Success," leaving for New York tomorrow.

The town crier broke in again and stated:

Chicago may well be proud of the picture, "High School Days," which took first prize at the International Art Exhibit. The model for this masterpiece is none other than Miss Anna Saluske.

At last I got station PRKR again:

Due to the energetic work of Miss Bernice Schneck, Chicago society has now reached the height of aristocracy.

I found myself listening to a lady singing "Auld Lang Syne" as I had never heard it sung before. It brought tears to my eyes and filled me with fond recollections, especially when I heard the announcer saying, "The last number was sung by Miss Mary Todd."

It was amusing to be informed that Miss Marie Trudden had inherited a large farm on the Hudson River and that Genevieve Weeks is starring in George White's "Scandals."

With this came the news that Miss Grace Wendt had invented a new bookkeeping machine whereby one competent bookkeeper could keep the books of a large corporation with the assistance of one office boy.

Radio Advertisements:

Tomorrow being Tuesday, we will hold our usual sale of the greatest candies ever made by Vanja Windchy, who has succeeded Fanny May.

Station PRKR then announced, "This is our last number, entitled, 'Farewell, Childhood Days'; I listened in and as the last strains died out I sat back with a sigh, visualizing the day ten years ago in that school where I first realized what it was to say "Adieu."

4B Senior Class

Never in the history of Parker has there been a February class so large as the one of 1925. Although it was rather late in organizing, it has given several dances and participated in other activities.

The 4B's have taken a leading part in the athletics of the school. More than fifty per cent of the positions of the track team were filled by boys of the class. Many also played on the football and basketball teams.

The class chose Ray Bowers for its president. Ray, as one of the best fellows in school and a star of the "Mikado," is well known about Parker.

The vice-president of the class is Alexander Irvine, a University High specialty. Although "Sandy" has not been in Parker very long, the students have come to a conclusion that he is a "peach of a fellow."

The 4B's have as their secretary Burton Stephens who has shown himself very capable of filling the position, and for assistant secretary, they have chosen Frances Boal, a popular young lady with a smile for everyone. Treasurer of the class is Ross Hoffman, a member of the track team and an efficient student.

The social committee has planned the activities of the class throughout the year.

Beyer

Junior Class

In the Junior class of 1924 we find such a wide scope of achievements and such a large number of spirited Parkerites that to mention all their deeds would be well nigh impossible.

The officers of the class for the first semester consisted of president, Robert Brooks who has made a name for himself as captain of our lightweight basketball team; vice-president, Karl Hawk, a clever young man, "happy as a lark" who played on the baseball team; secretary, Helen Ratcliffe, as good a secretary as a dancer.

For the June officers few changes were made. The president was James Muncaster, a handsome young person, mild but popular with everyone. For vice-president Karl Hawk was re-elected because of his capability the preceding semester. Helen Ratcliffe's success and ability were shown by the fact that she was also re-elected as secretary. Howard Beyer, the little dark haired chemistry shark was chosen treasurer.

In addition to having three captains—Brooks of the lightweight basketball team, Morris Winer of the baseball team and Walter Gustavel of next year's football team, the majority of the other positions on the teams were held by juniors.

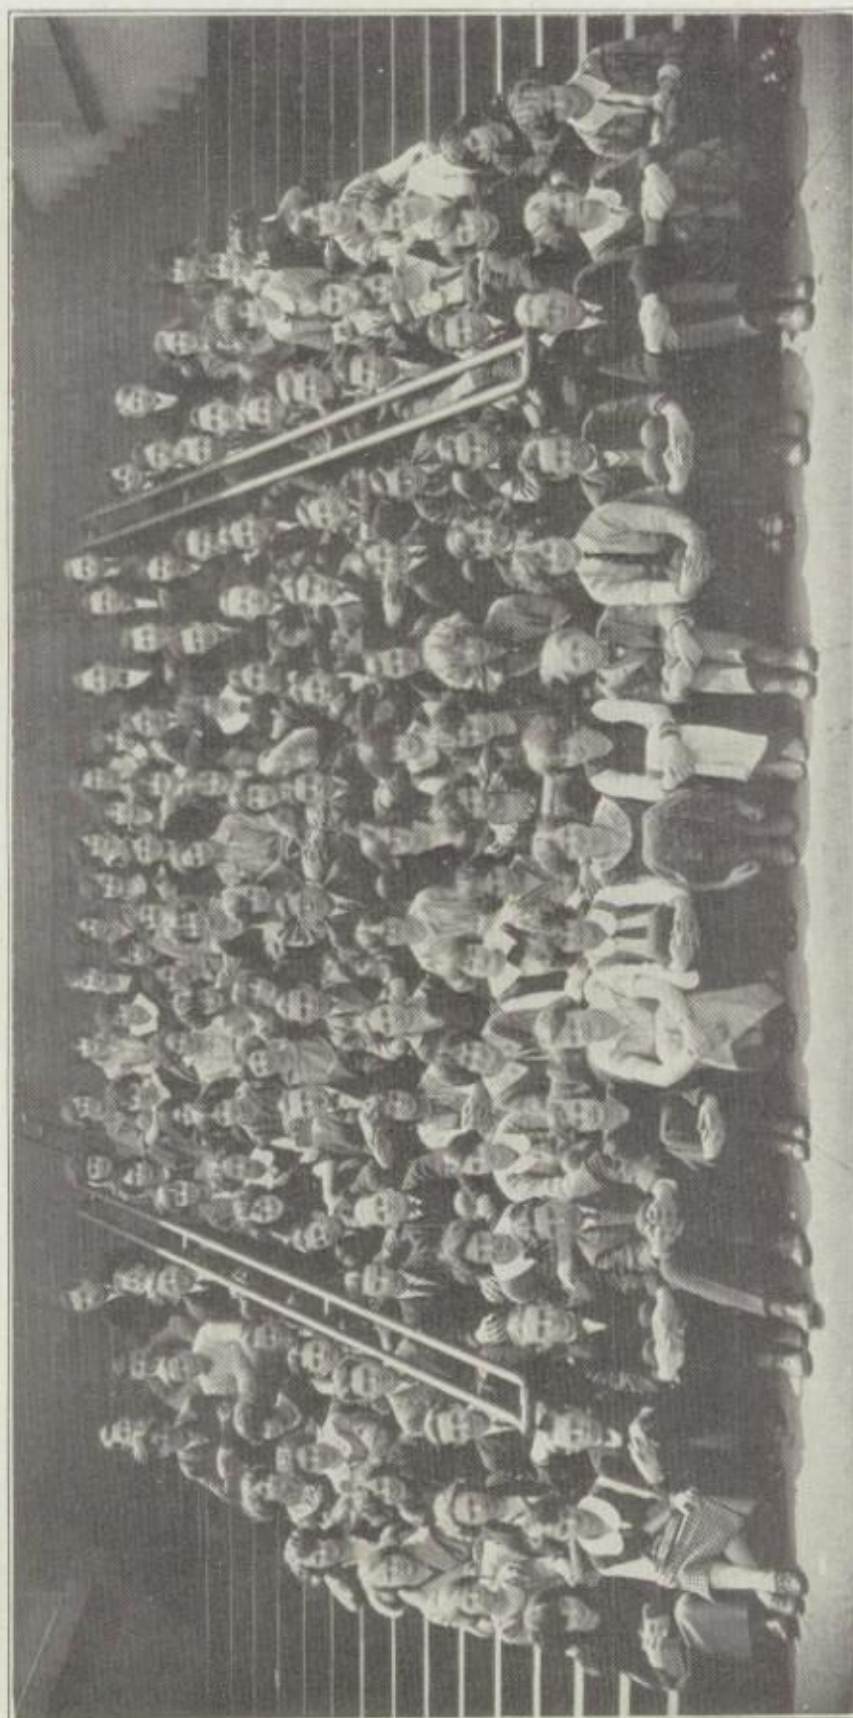

The social side of the class was by no means neglected. It gave a dance and an unusual class entertainment in the form of a picnic at Palos Park.

Ruth Powell—studious, happy, friendly. Ruth is known to most of us as a swimmer of excellent qualities.

Isabelle Brown—A popular belle is Isabelle. We know she's interested in the financial end of the school because she is treasurer of the P. C. L. and president of the Bank.

Mary Allen and Harriet Fox, another pair of Parker's inseparables, are fast becoming globe-trotters. They both went to Washington before Spring Vacation, and after that, Harriet visited her aunt in Ohio.

209A—3B

209A has the highest percentage of Owls in the school. The scholarship pupils are the following: Alice Elliot, William Englehardt, Lillian Gustafson, Agnes Johnson, George Moore, Vivian Peterson, and Dorothy Spengler.

What would happen:

If George Moore stopped talking?

If Carl Thorsell didn't have a magazine in division room?

If Bernard Lutz wasn't always the first one out of division?

If the whole room laid aside their Green and Whites and did their work on Fridays?

The pupils of 209A congratulate Mrs. Lovell, their division room teacher for having her hair bobbed. We love it!

SOPHOMORE

Class of '26

JACK O'LEARY
President

Sophomore Class

The class of 1926 originated a very novel idea by organizing the Sophomore Club. The club was organized in order to further interest in Parker activities and social life, as it was thought that this could be more interestingly accomplished under a club than under a class.

The officers of the club who are also the officers of the class were: Jack O'Leary, that handsome fellow with the black hair and dark eyes, vice-president; Millicent Hoover, a peppy member of the class of '26, who is always everywhere at the same time, secretary-treasurer; Morton Brookes, an active helper in school activities, a man with brains as well as good looks.

The class is well represented in all school activities. Fred Tell and Nick Vuchovich made a name with Bernie Lutz, a Junior, on the heavy-weight basketball team. Ed. Wilson has made many outstanding literary contributions to the Green and White and the Kampus Key. Virginia Sahs, one of the youngest members of the Commercial Art class, is fast becoming famous because of her posters and her contributions to the publications. Jean Starr will be remembered for her dancing in the Pageant of Troy and the Fire Ballet at the Art Institute. Fat Bauman is the only sophomore who received a major letter for his work on the football team. A very large number of the sophs are Owls.

The club has had many social feats and among them, a dance for the whole school. Under the auspices of the Sophomore Girls' Club with Lucille Barrett as president, a few dances were given and a Baby Doll party was held for the girls.

Much credit is due to Mrs. Hyman, the class sponsor and Miss Dopp advisor for the Sophomore Girls' Club.

Sophomores

9A—2A

If some of our little people—f'rinstance Maybelle Austin and Jean Starr, would grow a little perhaps 9A wouldn't be taken for a freshman room so often.

No the sounds often issuing from 9A are not the band practicing—just Miss Walbridge entertaining the room by playing music on the little saws on the front table.

Kenny Vail is one of our accomplished sophomores, who can do a little of everything including playing jazz, singing, and, when Miss Walbridge is absent, managing a division room composed almost entirely of girls.

If you want a good laugh you might get Edith Rysdon to explain just how many times she and her chum have been early to division.

Juanita Thiebault is our star student for working. Maybe you've noticed her empty arms as she walks down the halls. She carries her knowledge in her head—not in books.

Did you notice the expression on Virginia Dittmar's face when those 50,000 T-squares showered on her head? If you didn't, you missed something.

A little more practice and Wanzer Brunelle will be a real cowboy.
Clifford looked cute in his white and green apron and cap. Mr. Campbell was the kitchen Symphony Orchestra leader, you know.

11A—2B

Buelah Palmer and Kathleen Stokes are inseparable.

"Kay" has loads of friends who all look for great things from her, and Boots—well, you should just see her play tennis.

Good to look upon, pleasing company, of an athletic type, and an all around good sport and friend—that's Merle Storie. He's our P. C. L. delegate, too.

King of girls' athletics, and with a pleasing disposition, Rose Schuman has friends a-plenty.

Popular? You bet. No one has to look twice to see the reason. Mary Jane is what we might call our smiling beauty. We're all for you, Mary Jane.

Lucille Adams sits in the very front seat in the row next to the window. She's the kind that gives one the idea of intense concentration on her subjects.

Freshman Class

The Freshmen class of this year in organizing did something which no other freshmen class of Parker has done for several years. Early in March under the guidance of Miss Deming it organized and elected officers; Daniel Ferner, was made president of the class and Arthur Meyers, vice-president; Paul Cooper, who has been in Parker for one semester, became the secretary and Anna May Richardson, an Owl, was elected treasurer.

The class has taken part in many of the activities of the school and has well supported the P. C. L., Green and White, Annual, and has loyally attended the dances. Already it has shown the upperclassmen that it has excellent scholars by its membership in the Owls. In athletics the freshmen have shown unusual skill. Among its athletes are Arthur Bennet and Marjorie Schenck, swimming stars, and many on Miss French's teams were also freshmen.

The freshmen by their sincerity and loyalty have shown that they will be fit leaders in the days to come. A great deal of credit for the success of the class should go to Miss Deming, its sponsor.

Class of February, '28

Freshmen

There's so much good in the worst of us
That our teachers wouldn't part with any of us.

213A—1A

Elizabeth Armamentos—a girl who's a "bird"; she's the only Owl in the room.

Helen Barber—a quiet girl in Division but a most lively member of the Freshmen Basketball Team.

George Bauer—a human interrogation point. Recommended to the Green and White for position of Inquiring Reporter.

Charlotte Baier—Room Secretary and Treasurer—and admits that her duties don't tax her.

Henry Becker—the "tall" of it. We'll wager everyone takes the right stairway when "big Henry" is on guard.

Russell Butler—the "short" of it—but as mighty as Henry, in his uniform.

George Coleman—has the art of looking most learned and studious when he is reading a home reading book in Division.

Alice Couch—her name never tempts her to "lie down on the job" as her report card shows.

Mildred Ebert—it is said that she is perpetually in search of her own or someone else's fountain pen.

ATHLETICS

Mr. Wasserman

Mr. Wasserman, after an extensive coaching course, came to Parker in 1919, following the resignation of Mr. Wigger as football mentor, and immediately placed winning teams on the field. He has proved to be an efficient coach in the major sports at Parker. "Wass," a good sportsman himself, has succeeded in teaching this policy to his players.

His football teams have been true representatives of Parker, and each year made a stronger bid for the league title.

The Division B championship, won in 1923, stands as the crowning achievement of his career.

While "Wass" works for the development of the individual as well as of the team in general, he does not want to create "stars" in any line.

"Wass's" job is made all the harder because of the scarcity of material with which he has to work, but even against these odds he has built up a reputation for Parker teams of clean sportsmanship that has spread throughout the entire city.

Mr. Maysack

"Pop" Maysack is one of the most respected by boys and girls alike, of all the faculty members. No one feels more keenly the defeats suffered by Parker teams than this coach. He is a friend to everyone and puts up with more nonsense and pranks than the rest of the faculty together, but with it all he has a military discipline over his classes.

"Pop's" chief hobbies are soccer, track, and swimming, and his inter-class athletics that do so much to develop manhood. In track Parker has made but a beginning and under his tutelage many meets will undoubtedly be won in the future. In the pool "Pop" is the developer of one of the country's best high school swimming stars, Cornelius Oker, and many are the boys who have learned to swim under his instructions.

Mr. Maysack represents Parker on the Board of Athletic Control of the Chicago High Schools and at the present time is endeavoring to build a stadium for Parker. He has rightly been called Parker's "grand old man."

Football

Another football season is ended, and the record of the team becomes a part of school history. This campaign has been one of the most successful in Parker's brief, but rather eventful athletic activity. In seven starts, Wasserman's warriors emerged victorious in four, tied one, lost two, and annexed the City Title of Division "B" Champs.

In the initial game the team was pitted against the heavy Rockford gridders, claimants of the State High School title last year. Even the most optimistic of Parker fans believed that it would be a case of holding the Rabbmen to a low score, but the Kelly Clothed pigskinners played super-football and turned in a 14 to 6 victory.

Emerson High. of Gary, last year champions of Northern Indiana, were next, on their home lot, but when the smoke had cleared we were holding the short end of an 18 to 0 count.

Tilden Tech, an "A" Division school, and one of the strongest outfits in the South Section, was encountered at White City, and though the general concensus of opinion seemed to be that Parker outplayed them, they scored twice as a result of Parker fumbles, while we were only able to score once. Score, Tilden 13, Parker 7.

Our first league game was the next on our schedule, with the Morgan Park team as the opposition, and they provided plenty of it; after both teams had wallowed around in the mud for an hour, neither team was able to score and a 0 to 0 tie resulted.

Waller and Wendell Phillips were disposed of in decisive fashion, the former ending 18 to 3 and the latter 12 to 0. Waller was the only League Team that was able to score on us, and they were forced to make it via a kick.

And then the Championship encounter—volumes could be written concerning it; suffice it to say that neither team was able to score until the final quarter was fading and it seemed that Marshall would get a tie and with it the championship. Parker marched down the field to the thirty yard marker, but here, the Marshall forwards stiffened. Parker was unable to gain consistently, so White's "Educated Toe" was called upon, and he dropped the oval squarely between the uprights for three points victory, and THE CHAMPIONSHIP.

The team took a new lease on life, and after kicking off to Marshall, Gustavel, who had played a big part in putting the ball in position for White's drop kick, intercepted a Marshall pass and raced fifteen yards, protected by almost perfect interference, placing the ball on Marshall's eighteen yard marker. Parker made the first down in three assaults at the North Siders' line, on alternate tries by McCarthy, Gustavel, and Burk. The ball was then given to Captain Conklin, who crossed the goal line on a special touchdown play for our only touchdown, and his last for Parker, as he will graduate in June.

In addition to Captain Conklin, we will also lose by graduation; McCarthy, halfback; Bayer and Sink, ends; the latter being on the receiving end of the well known "McCarthy to Sink" passing combination, which proved so valuable throughout the season. White, All-City guard, last year, and Keuhne, reserve guard, will also be lost as will Thom, reserve end. "Jeff" Lowe, regular tackle and Van Bershot's running mate, is another who will leave in June.

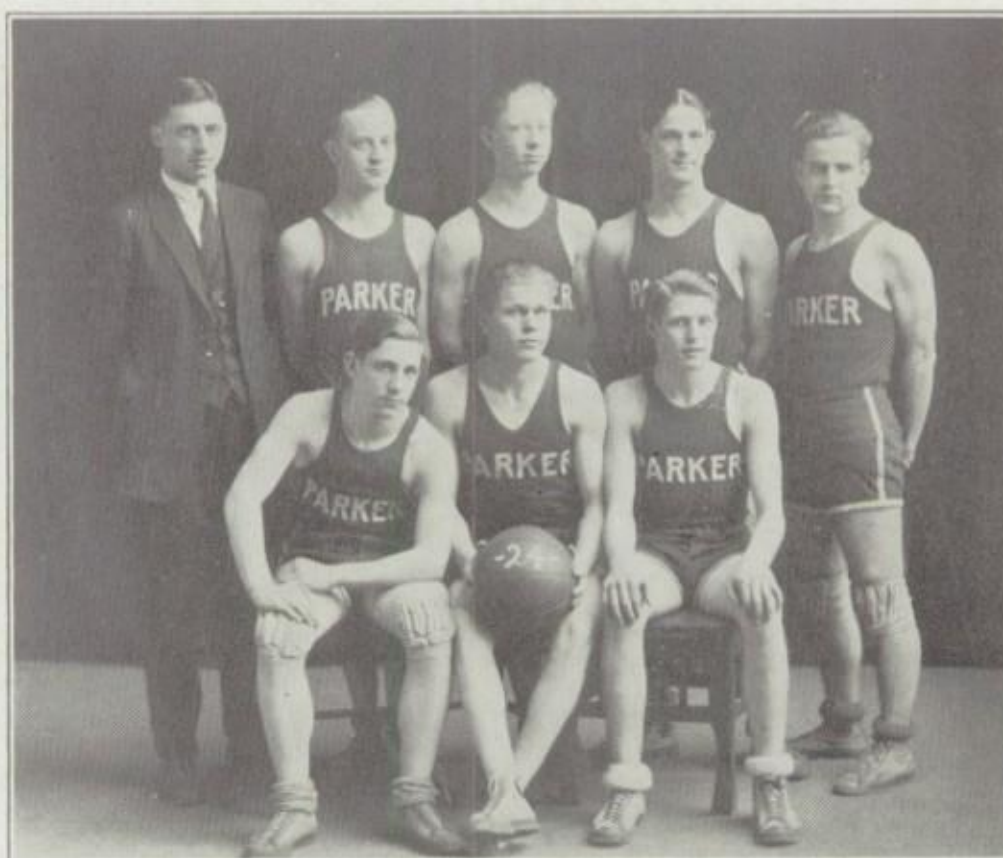

The prospects for next year's eleven are brighter than would be expected in view of the fact that seven regulars will be lost through graduation. Two regular backs will return: Gustavel, full, and Burk, quarter, as will Sinclair, Morrill, Erickson, and Hanson, reserve backs. In the line there will be Ferner, center; Farrell and Bauman, guards; Stephens, end, as well as several reserves and recruits, particularly, Lutz and Seiloff.

A great deal of credit is due to the second team, who absorbed the hard knocks of the regulars in the nightly practice sessions. A great coach has said that a team can be no better than the second team that makes its existence possible.

One of the most pleasing features of the relation between the team and the coach this year, was the cordial feeling of co-operation that existed throughout the season.

Positions on the mythical All-City eleven were awarded to a quintet of Parker stars. "Bus" Conklin was chosen to lead the eleven, the greatest honor ever accorded a High School athlete. Bayer was made end and Van Bershot, tackle, White, guard, and Sink, end, were the other Parker stars chosen. Much credit is due Coach Wasserman for his untiring efforts to bring Parker her first Championship under his tutelage.

Standing left to right—Coach Wasserman, Charles Flescher, George Phillips, George Hallenbeck, George Elliott.
Seated—Draper Frary, Robert Enos, James Pearce.

Heavyweight Basketball

Parker's Heavyweight Basketball team of 1923-24 was composed of green material and built around one veteran, Captain Enos.

The team finished low in the South Section race, but it held its opponents to close scores. Flesher, center, was high point man of the squad.

Much could be said of the victories and defeats of the season but Parker's team was not a disappointment and although it was not a championship contender it upheld the high standards of Parker.

Standing left to right—Mgr. Walter Gustavel, Jack Gillard, Earl Jones, Coach Wasserman.
Seated—James Vaughn, Fred Nichols, Captain Robert Brooks, Nicholas Vuchovitch, Abbey Blattburg, Fred Tell, Morris Winer.

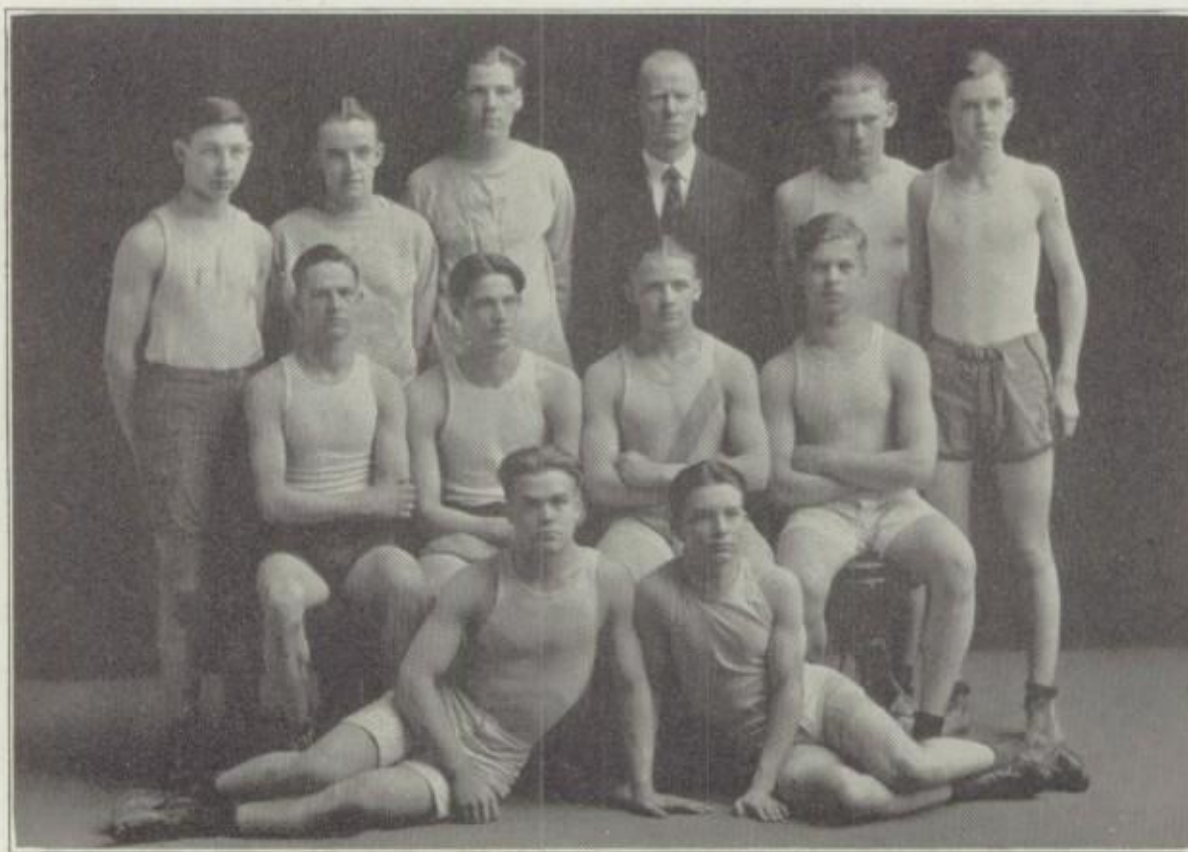

Lightweight Basketball

With the return of five veterans from the successful team of the previous year, the chance for a championship lightweight team this year were the brightest in many a season. The Parker entry encountered little opposition in South Section play, winning all the games except one, which was lost to Morgan Park by a score of 8 to 6. All the other games were won by large scores. By virtue of their lengthy string of victories Parker represented the South Section in the semi-final tilts, with Morgan Park as the second place team.

Wasserman's boys entered the semi-finals with a "do-or-die" spirit. The first game was with Lindblom, a heartbreaker for the Parker rooters. Parker lead at the half time by the narrow margin of 8 to 4. Returning to the game in the second half the aggressive Lindblom boys coupled a fast offensive attack with the accurate basket tossing and snatched an apparent victory from Parker by the score of 13 to 11.

The second semi-final game was with Englewood who was hailed as the wonder team of the city and probable winner of the lightweight crown. When Parker entered this game it was really now or never that she must win. The "lights" literally ran circles around the fast and well drilled opponents and when the final whistle blew held an 18 to 15 advantage.

The third and final game of the league play was with Morgan Park, the nemesis of the preliminary round. Had Parker triumphed in this game she would have had another chance for the city title. This game resulted in a defeat. Beaten at the half 12 to 1 the Parker boys put on a brilliant rally but fell short and took the short end of a 17 to 11 score.

Standing left to right—Melvin Wiel, Earl Harris, Harold Johnson, Coach Maysack, William Coleman, Stewart MacIntyre.
Seated—Ray Bowers, George Hallenbeck, Mgr., Alex Thom, Captain, Leslie Bullock.
Front—Clarence Morrill, Ross Hoffman.

Track

The track team this year was organized with the view of forming a foundation for track in the future, as it is one of the branches of athletics needing two, three, and four years for the development of a good team. The team was first organized in January, and Bowers was elected captain. They entered two big indoor meets, the Annual City Indoor at the Broadway Armory and the National Interscholastic Indoor at Northwestern, and made very good showings despite their lack of training.

Bowers later resigned as captain and was succeeded by Alex Thom. He and "Gum" Hallenbeck (manager) are now carrying on the team spirit and work, and are always point winners in our dual meets with Morgan Park, Calumet, and others.

LIGHTWEIGHT BASKETBALL—(Continued)

Coach Wasserman in an address at an Athletic Assembly the year before had said, "Next year my lightweights will win the South section championship." They did and with it they held high the standards of Parker, the standards of true sportsmen.

The lightweights were a fast and accurate passing, well drilled machine and equaled any lightweight team in the city. Much credit must be given Coach Wasserman and the nine members of Parker's fighting "lights" of 1923-24.

Standing left to right—Egan, Drennan, Gustavel, Mgr., Johnson, Coach Wasserman, Ferner, Barrett.
Sitting—Enos, McCarthy, Winer, Tolman, Burke.
In front—Hawk, Brooks.

Baseball

Parker's Baseball Team of 1923, though weakened by the loss of many veterans, completed a successful season by landing in second place at the close of the South Section race. The team was composed mostly of green material, only four men having played the previous year.

The first game of the season ended with a defeat at the hands of Waller. The next was the scheduled "league opener," Bowen at Parker. Parker's failure to hit the offering of Bowen's pitcher caused their downfall. The following week brought another defeat from Fenger on Fenger ground. During the third game Parker's luck changed and she started a winning streak with Calumet as the first victim.

McCarthy stopped Morgan Park dead in the next clash, but the following week, Bowen's boiler makers took a tough battle, ending the winning streak of the Green and White.

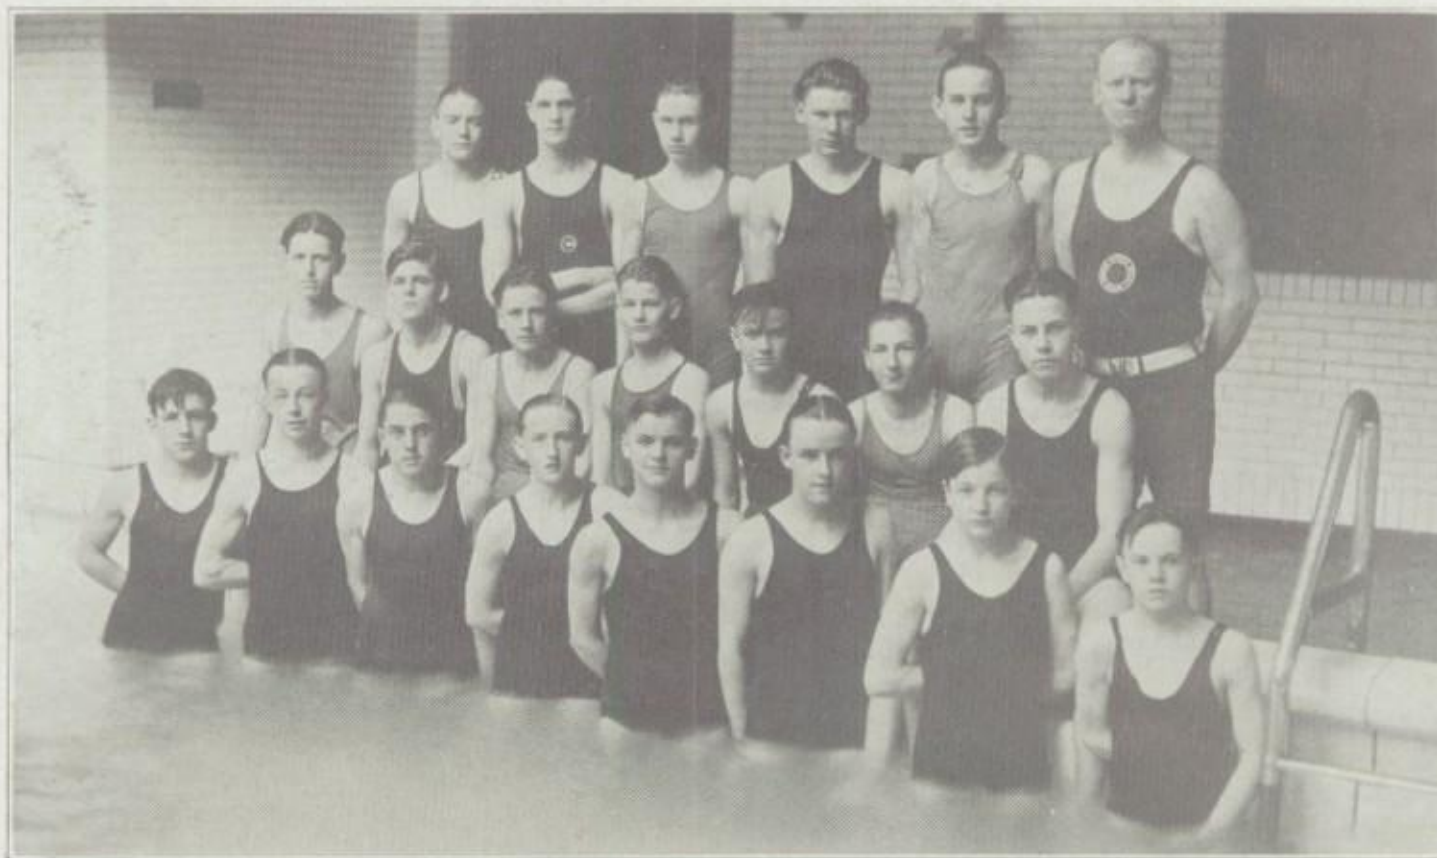

Parker at Morgan Park resulted in a victory for the Ridge, but in the next game Parker met and vanquished Fenger.

The last game of the season was with Calumet and resulted in an easy victory for Parker.

Special credit is due Captain Brennan who was responsible for a number of our victories, though incapacitated during the greater part of the season.

McCarthy as pitcher, labored hard in the box and aided materially in the team's success.

Coach Wasserman directed a green team, but through his coaching, developed a feared contender on the field.

Top row—Armit, Hallenbeck, Jackson, Coleman, Vanderkolk, R. E. Maysack.
Center—Squires, Crain, Lennon, Borst, Curran, Hartney, Sherwood.
Bottom row—Frary, Vogel, Hagey, Bennet, Oker, Harris, Striale, Schenk.

Swimming

Although the Junior and Senior swimming teams were not well balanced as a whole, it is certain that there were some shining lights among their members, and on both teams there are several good men who are rapidly developing into stars. Cornelius Oker, Parker's best swimmer and captain of the senior squad, holds many records. In all meets he was the individual star, and has undoubtedly brought more fame to Parker than any other one athlete. His specialties are the free-style and back stroke events and it is in these that he holds his records. Draper Frary, captain of the junior team, is Parker's best junior swimmer. He always collects his share of the points and is a remarkably fast free-style and breast stroke man for a junior.

During the past year the teams have engaged in numerous tilts with other schools, the most notable of which was with Rockford. Meets were also held with Maine Township High School, New Trier, Lane, and Lindblom. At one time, Oker representing Parker in the Mississippi Valley interscholastic swimming meet held at the Washington University of St. Louis, established two new Mississippi Valley interscholastic records.

Mr. Maysack expects that next year, with the return of practically all of his veterans and the development of some new material, he will have a swimming squad that will be a fit opponent for any high school.

Soccer

The Soccer Team deserves our heartiest congratulations for its hard work in making the '23 soccer season one of the most successful in the history of Parker. With six regular men back from last year and much green material, practice was started under the guidance of Captain Gartung and Mr. Maysack.

The first practice game was lost to Lake View by two points. In a return game at Hamilton Park, the North Siders were smothered by a score of 3-1. The first goal was made by Captain Gartung and the other two by Malcolm Campbell. The following practice game was with Crane Tech. which, after a long drawn out game ended in a scoreless tie. Then the fellows held this year's champs, Medill, to a score of 0-0.

The first league game was lost in a hard fought scrimmage to Hyde Park by a 2-1 score. The one goal was made by Jesse Kremer. The next week, after a real battle, the team, backed by a large student body, defeated Englewood, last year's champs, by a score of 2-1.

The third league game with Tilden Tech. resulted in a tight contest from which Parker emerged with the short end of a 1-0 score. The last game of the season was with Harrison Tech. on Douglas Park's sea of mud. Harrison won by a 1-0 score.

The team this year has been the best scoring one in many years. Next season with the support and co-operation of the student body the soccer team will have an even more successful season.

Parker Girls' Athletic Club

The Parker Girls' Athletic Club was organized in the fall of 1920 as the Girls' Indoor Baseball Club by Miss French for the girls of Parker who were interested in games, track, and field sports. The purpose of the club was to develop good sportsmanship and good fellowship as well as to encourage athletics among the girls. Under its auspices girls' sports have been greatly encouraged until now the majority of students interested in athletics are girls. Although the aims and requirements of the club have remained the same, the name was changed.

Games, a newly introduced form of athletics for the girls at Parker, do much for the development of the A1 American girl. They teach the girls to be alert, to think quickly, to have self control and to learn good sportsmanship through obeying rules and taking an active part in the contest. The three games which are most important in the routine of the gymnastic year are indoor baseball, which is played in the fall and late spring; captain basketball which is played in the early spring; and volley-ball. The seasons of these games are each ended with an inter-class tournament which is run off by double elimination. The winners of each tournament are awarded numerals, which are furnished by the club. The baseball tournament is held in the fall.

In the past year the club has held three tournaments and one track meet under the efficient supervision of Miss French. The baseball tournament was won by the sophomores; the captain basketball tournament by the seniors; and the volley ball tournament by the sophomores. The track meet, in which many girls took part in the relays, the dash, the high jump, the broad jump, the basketball throw for distance and club swinging, displayed Parker's girl athletes and proved a huge success.

During the year the girls were entertained by a lecture on "Summer Camps" by Miss Marshall of the Normal, an initiation party planned by Florence Timm and other members of the social committee, and a lecture on "Hygiene."

Miss Wentworth

Life Saving Club

One of the most active and important organizations of Parker High School, the Girls' Life Saving Club, has grown up with the school. It was started by Miss Mabel R. Wentworth when Parker was a "baby."

The underlying purpose of the club is to teach the girls the Red Cross rules of life-saving, which give a full knowledge of how to save a drowning person. The American Red Cross offers badges signifying membership in the Junior or Senior Red Cross Life-Saving Corps, to all girls passing the life-saving test. Many of the girls have received this badge, and several are working to acquire the honor of being Red Cross Life-Saving Inspectors.

However, aside from the regular Life-Saving work, the girls also do other things. Three teams are in full swing: the Lobsters, the Crabs, and the Starfish. The Lobsters and Crabs are the two regular teams, while the Starfish are the girls who are able to do two dives perfectly, who can do the surface dive or the plunge for distance, who are excellent in at least three strokes, and who are all-around good swimmers.

The team spirit has been exceptionally good this year. Most of the members are lower classmen, although there are a few who have been in Life-Saving for three years. Several of the new girls have gained the honor of being Starfish.

Much credit is due Miss Wentworth, whose willing co-operation and hard work has made the club a success.

Indoor Baseball

The Sophomore Baseball Team, which won the championship of the Inter-class Indoor Baseball Tournament, fought hard and long in the struggle to hold the place won by them last year. The team had the experience and the practice gained in the preceding tournament, which they used to advantage in the games with the seniors, crippled by the loss of two players, and with the determined juniors.

In the first game of the series the sophs surprised the seniors as well as the onlookers by passing no one on balls and allowing only four hits and two runs. At the bat the members of the team proved themselves unequaled. Edna McCauley and Clara Gleich were each up five times and made four and five runs respectively for their team. Eva-Claire Holbrook exhibited her skill in the box by pitching for the sophomores throughout the games.

The second year girls fought harder in the game with the juniors than they did with the seniors due to the skill of the junior pitcher, Eileen Archer. The sophs made nine hits while the juniors made eight. Yet the former made nine runs while the latter made only three.

The final game between the seniors and the winners up to date showed that the senior team had gained little in the game with the freshmen, although they won by a score of 45-2. The sophomores played an untiring game and came out in the end with three victories and no defeats.

Besides the title, the pennant and the numerals which the team received, Miss French says that they cannot be beaten,—the nicest and truest compliment that could be paid them.

Captain Basketball

The Inter-class Capatin Basketball Tournament was carried on with the spirit of "we can and we will," but the senior team, captained by Florence Timm had to its advantage many alert and experienced players, which enabled that team to carry its colors through to the end without a single failure.

The game between the seniors and the juniors was a question of captains and guards. The seniors, having the tallest captains were able to make points, while the guards of this team were too alert for the juniors to make points through their captains or by passes. However the juniors showed great skill in the making of baskets and in this way gained most of their points.

In the game with the sophomores, the seniors made their points in much the same way as they did in the game against the third year. Yet the sophs showed their ability by scoring against Dorothy Bliss, the star guard of the fourth year girls, and by preventing Florence Timm, the star captain of this team, from scoring.

The final and hottest game of the series, waged between the juniors and the seniors, was won by the seniors by just one point. The guards on both teams did superior playing. The winning team relied upon their captains for their scores while the losing team trusted to the baskets. Miss French says that this was the fastest game that she ever blew a whistle for.

The seniors deserve much credit for their excellent sportsmanship and good sense which they displayed throughout the tournament.

Volley Ball Tournament

The Annual Volley Ball Tournament of this year was put over with great success by the efficient supervision of Miss French and the 50 girls who participated. The freshmen and sophomores each entered two teams which showed the interest the underclass girls take in games.

The first game of the series showed the strong teams to be those of the juniors and the sophomores. The Junior-Senior game was one of great interest. The senior led in the first half by only a few points but during the latter half the juniors made a wise change in their tactics which won for them the victory. The Sophomore-Freshman game was much like that between the seniors and juniors as the freshman were in the lead but were overtaken and passed up by their opponents.

In the semifinals the seniors forfeited to the freshmen and the sophs whipped the juniors by 11 points. The latter proved an exciting game because of the many stars on each team.

The finals were played before a large audience between the sophomores and the freshmen. In the most important game of the tournament the freshies held the sophs to a tie for the greater part of the first half; then suddenly the second year team let loose and added points to their score unceasingly, which caused the game to end in their favor 33 to 14.

The sophomore team, captained by Rose Schuman, is an excellent example of the possibilities of team work among the girls; team work which is gained by practice and constant effort on the part of each girl to do as she is bid, regardless of her feeling toward the matter. By their ability to work together and remain cool under all circumstances, the members of the second year team were qualified to win the tournament.

Leaders

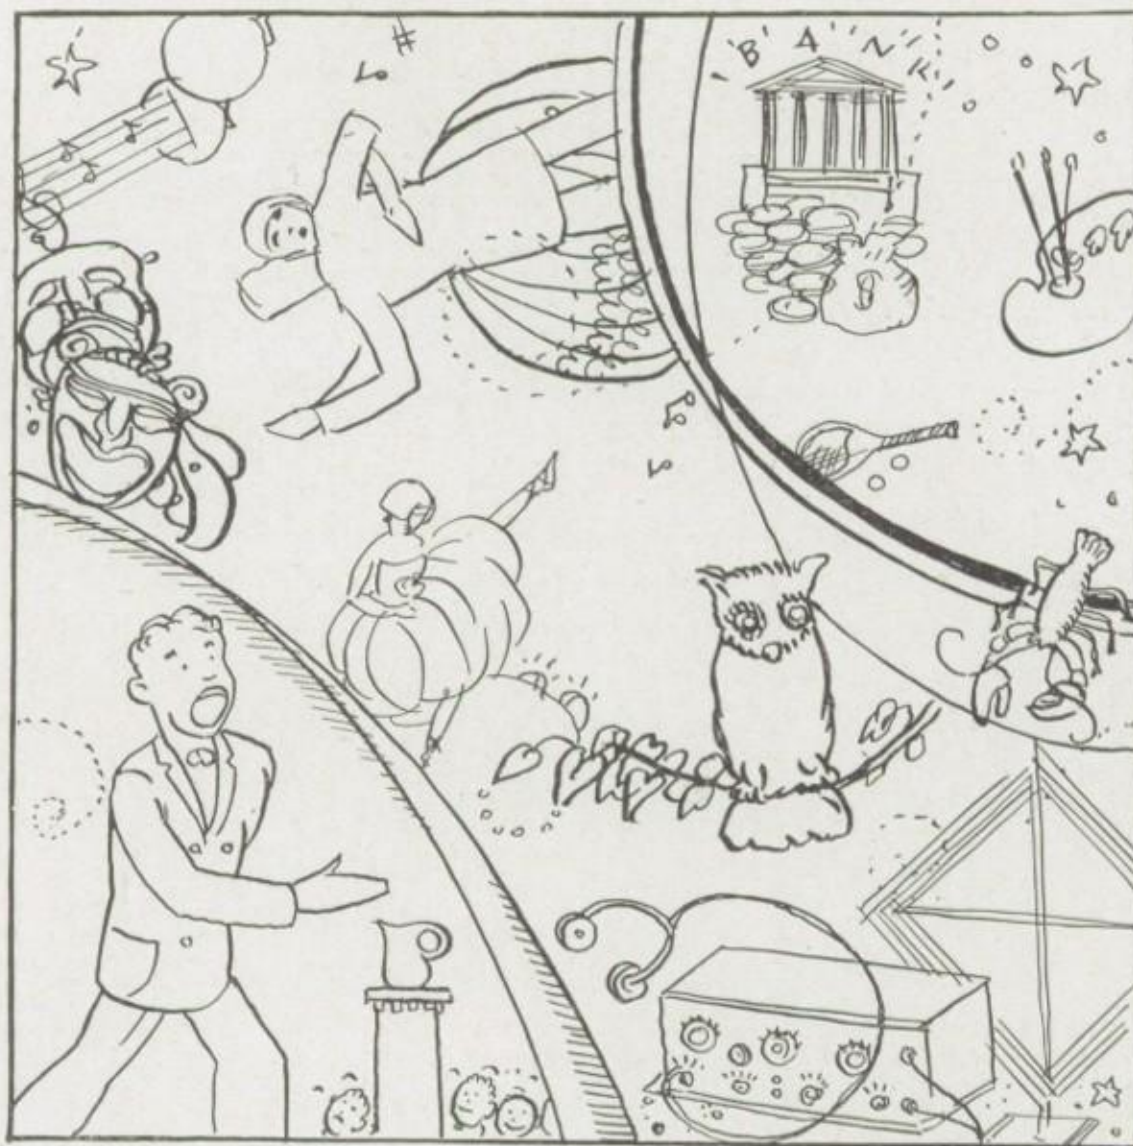

The girls known as leaders are those girls who act as assistants to Miss French, demonstrating the exercises and other forms of gym work. Each girl has several gym classes which she leads, and after being a leader for at least two years, she is allowed to teach the classes.

This class—the leader's class—was organized by Miss French in 1921. She teaches them how to do the exercises correctly while standing before a gym class, as doing it then and in the class, are very different.

This year for the first time the two Senior leaders, Frances Blanchard and Dorothy Davis, who have been leaders ever since they have entered high school, received major letters for their superior work in teaching classes. Mr. Perrine and Miss French are both very enthusiastic supporters of this plan of giving the Senior leaders major letters, and so it will become a custom at Parker.

Helen Rudin and Hazel Guyer are the two Junior leaders and are expected to receive major letters soon.

Parker Civic League

The Parker Civic League, which has a special charter from the Board of Education, and is directly connected with the Association of Commerce in Chicago, is the largest and most important organization in the school. Its membership includes almost the entire student body. The dues are nominal, only twenty-five cents a semester. Each member is given a pin and a membership card which admits him to all activities.

All the activities of the school, both educational and social, are conducted by the P. C. L. Monthly afternoon dances have been well attended and were well worth the money expended on them.

Excursions to the Stock Yards, Sears Roebuck Co., The Tribune plant, the Hydrox Ice Cream Co., and Bunte Bros. Candy Co. were well supported and constitute an interesting and instructive form of entertainment.

During the football season, the P. C. L. conducted athletic assemblies and mass meetings and aided further in the support of the team by distributing and selling tickets to the games.

Other important numbers on the program for the past year were the Home-Coming and the Clean-up Campaign. The Thanksgiving Collection and the Haines Christmas Treat, also managed by the P. C. L. proved unusually successful.

Besides all these projects, the P. C. L. was given complete charge of a trip to the Sand Dunes in June.

The Social Committee has been particularly active and all of the officers, committees, delegates and Miss Dopp and Mr. Coon with other faculty members have worked well and through their work the club has maintained its high standards.

It may be said that during the past year the P. C. L. has served its purpose admirably, and through the cooperation of the student body, it has efficiently carried out the work of the school.

P. C. L. Bank

The P. C. L. bank was much more prosperous this semester than last, perhaps because it was a new project then. Mr. Coon was again the efficient faculty sponsor.

The object of the bank is primarily to induce students to save the small change for future use, that they might spend carelessly. At the end of the semester the account is returned to the depositor or deposited in a neighborhood bank. The bank handles the money taken in from school activities and materially aided many organizations, especially the Parent Teacher's Association, during their benefit performance.

Dramatic Club

The Dramatic Club, which has reorganized again this year, has had a very successful term due to the capability of the officers and to Miss Baker's supervision. The purpose of the club, to promote more active and personal interest in dramatics, has been accomplished this year by the varied, interesting presentations given at the club meetings, assemblies, and in the Little Theatre.

The February semester was especially important because of the large membership and many social functions.

Among the plays given the first semester were "The Mouse Trap," "The Florist Shop," and "The Mistake of the Manor," an actual incident in the life of Oliver Goldsmith. The Halloween party, held in 300A proved to be a great success. It was begun with a short play, "The Welsh Honeymoon," after which the floor was cleared for dancing.

The Dramatic Club was especially active at the Homecoming as two plays were presented; "A Maid of France," a war play, and the love scene from "The Merchant Gentleman."

For the June semester the following officers were elected:

| | |
|----------------------|-------------------|
| President | Lennie Williams |
| Vice President | Esther Andersen |
| Secretary | Jean Scott |
| Treasurer | Marian Kuehne |
| Librarian | Katherine Hibbard |

During this semester the plays given were: "Overtones," "Little Women," and "My Lady's Lace."

Public Speaking

The Public-Speaking group, coached by Miss Baker, has provided a medium through which those interested in declamation and public speaking can find expression. Several fine speakers have been discovered and developed, among them Russel Plutz, a coming orator; Marion Marshall one of the best of Inter-scholastic speakers; Helen McReynolds, Annie Emerick, Stanley Fishman, Clara Nelson, and others.

The constitution of the United States was the subject for one of the many extemporaneous contests which have been held. Helen McReynolds won first place and Clara Nelson was given second place. At the Homecoming, another contest was held in which Russel Plutz was awarded first place and Helen McReynolds second.

In order to decide who was to represent Parker in the Daily News Contest, another program was given in the College Auditorium. Russel Plutz succeeded in winning first place and Marion Marshall, second—the same speakers who have represented Parker on various other occasions.

It is hoped that by next year Parker will be able to have a public-speaking club that will give these speakers an organization of their own.

THE "FIRE BALLET"

Lorelei

The members of the Lorelei have been especially active this semester because of their importance in "The Mikado." They organized early in March and elected their officers, and began immediately the task of preparing for "The Mikado," Girls' Week, and a dance program of their own:

To join the Lorelei the only qualification necessary is to have had some training in dancing. The club drew up a set of rules and regulations at the first meeting according to which, girls who have only one absence and have been prepared for work will be given a letter "P" at the end of the semester.

The Lorelei gave a program at the Mothers' Tea on Monday of Girls' Week and on the following Thursday presented the "Fire Ballet" at the Art Institute.

The "Fire Ballet" was, in Mayor Dever's opinion, the most striking spectacle on the program. The Mayor was introduced to the girls later in the evening and told them personally how very pleased he was to have witnessed their performance.

The beauty and success of "The Mikado" was greatly increased by the dances, both group and solo, given by the Lorelei.

As it was through Miss Wentworth's efforts that the letters were obtained and that the dancing program, which proved to be a decided success, was made possible, the Lorelei wish to thank her for her consideration, her enthusiastic support, and her ability as a teacher.

The Mikado

The four performances of "The Mikado," given Thursday afternoon, and Thursday, Friday and Saturday evenings, June 5th, 6th and 7th, were the finest musical achievement that has been presented at Parker for several years. The principals showed both dramatic and musical ability to a high degree, and each one was well suited to his role.

Miss Daly, head of the music department, being ably assisted by Mrs. Hyman who coached the parts requiring dramatic action was largely responsible for the operetta's success. Mr. French, Miss Mattson, Miss Wentworth and Mr. Brooks had charge of the designing of scenery and costumes, the dancing and the sale of tickets.

At the beginning of the February semester the unusually large enrollment in her advanced music class and the wealth of high grade musical talent presented Miss Daly with the opportunity for which she had long been waiting—the chance to give an operetta such as "The Mikado," which has become a classic in the last few years and is usually considered too difficult and too wide of range for ordinary high school performances.

Thirty-five students (twenty girls and fifteen boys) composed the chorus—probably the most outstanding feature of the operetta. The principals, whose ability and performance have been mentioned before, are well known to every Parker student.

Following is a list of their respective roles:

Owls

The Owls is the honorary society of Parker, to which only those who have an average of "E" for the twenty weeks of the school semester may belong. The club has been unusually active this year, giving parties and having interesting speakers at their meetings.

One of the best assemblies of the year was given by the Owls in which the members gave very clever impersonations of prominent people around school, and a "kitchen orchestra" rendered a musical selection.

The name "Owls" has a double meaning; that of wisdom, and "On Work Leans Scholarship."

The officers for the February semester were Florence Barber, President; Harry Hagey, Vice-President; Edgar Burtiss, Secretary.

The officers for the June semester were Ardis Hawk, President; Caleb White, Vice-President; Wanzer Brunelle, Secretary.

Boys' Scientific Club

The Boys' Scientific Club, which was organized two years ago, has continued its meetings and its scientific studies along many interesting lines. The officers elected for this year are: President, Donald Bond; Vice-president, Royal Vanderberg; Secretary, Donald McGee; Treasurer, Rollin Sherwood; Sgt.-at-Arms, Meyer Projansky; Asst. Sgt.-at-Arms, George Moore; Librarian, Harry Hagey; Scouts, Caleb White and William Englehardt. Mr. Brook has acted as sponsor for the club ever since its organization.

At the time of Parker's annual Homecoming, the club arranged a very interesting exhibit, of which radio was the main feature.

During this year, the Scientific Club has visited the Armour Soap Works and Packing Plants, the Wrigley Chewing Gum Factory, Broadcasting Station WMAQ, of the Chicago Daily News, and the Foote Bros. Gear and Machine Company. Plans are being made for other expeditions before the close of school.

Girls' Clubs

The Girls' Clubs have been organized this semester, for the first time in several years, in the hope that, through the social activities, the girls of each class can be brought into a closer relationship with each other and with the school.

The aim of the Girls is not a selfish one and it embraces the entire student body, for through their sponsor, Miss Dopp, they accomplished much of interest, not only to themselves but to the entire school.

Very little could be done this semester as most of the time was employed in obtaining the necessary organization, but next year there will be more time for the social side of the clubs.

Senior Girls' Club

This club was the first to organize and elect officers. Extensive plans the whole semester were made including a St. Patrick's Day dance, and a fashion show, a new and original feature at Parker. During Girls' Week a tea for the mothers was given to enable them to become better acquainted with each other.

Jolly Juniors

The Junior girls, next to organize, held their first meeting on February 4th.

As a start for the semester's activities the girls gave a party which was attended by twenty-six members, and they decided to give a luncheon for the senior girls. In order to prepare for social affairs next year and to replenish the treasury, a dance was given for the whole school at which a small admission fee was charged.

Sophomore Girls' Club

The sophomore girls did not organize their club until the eighth week of school when, at an assembly, they chose their officers.

Nothing definite socially has been done by the Sophomore Girls' Club this semester.

R. O. T. C. Band

The Parker R. O. T. C. Band is composed of over fifty boys. There is also quite a waiting list of applicants who want to join but a lack of instruments has prevented this. The band members are almost all first and second year students and, as it appears now, Parker has better prospects of having a good band next year than it has had in years.

The bandmaster, Mr. Steinbach, has spent many years in teaching amateur bands. During the World War he served as Bandmaster at the Great Lakes Training Station and later on board the U. S. S. Plattsburg. He was recently commissioned Captain in the Illinois National Guard.

The cadet officers of the band are as follows:

Maturin Bay—Lieutenant.

Alfred Tredwell—Lieutenant and Drum Major.

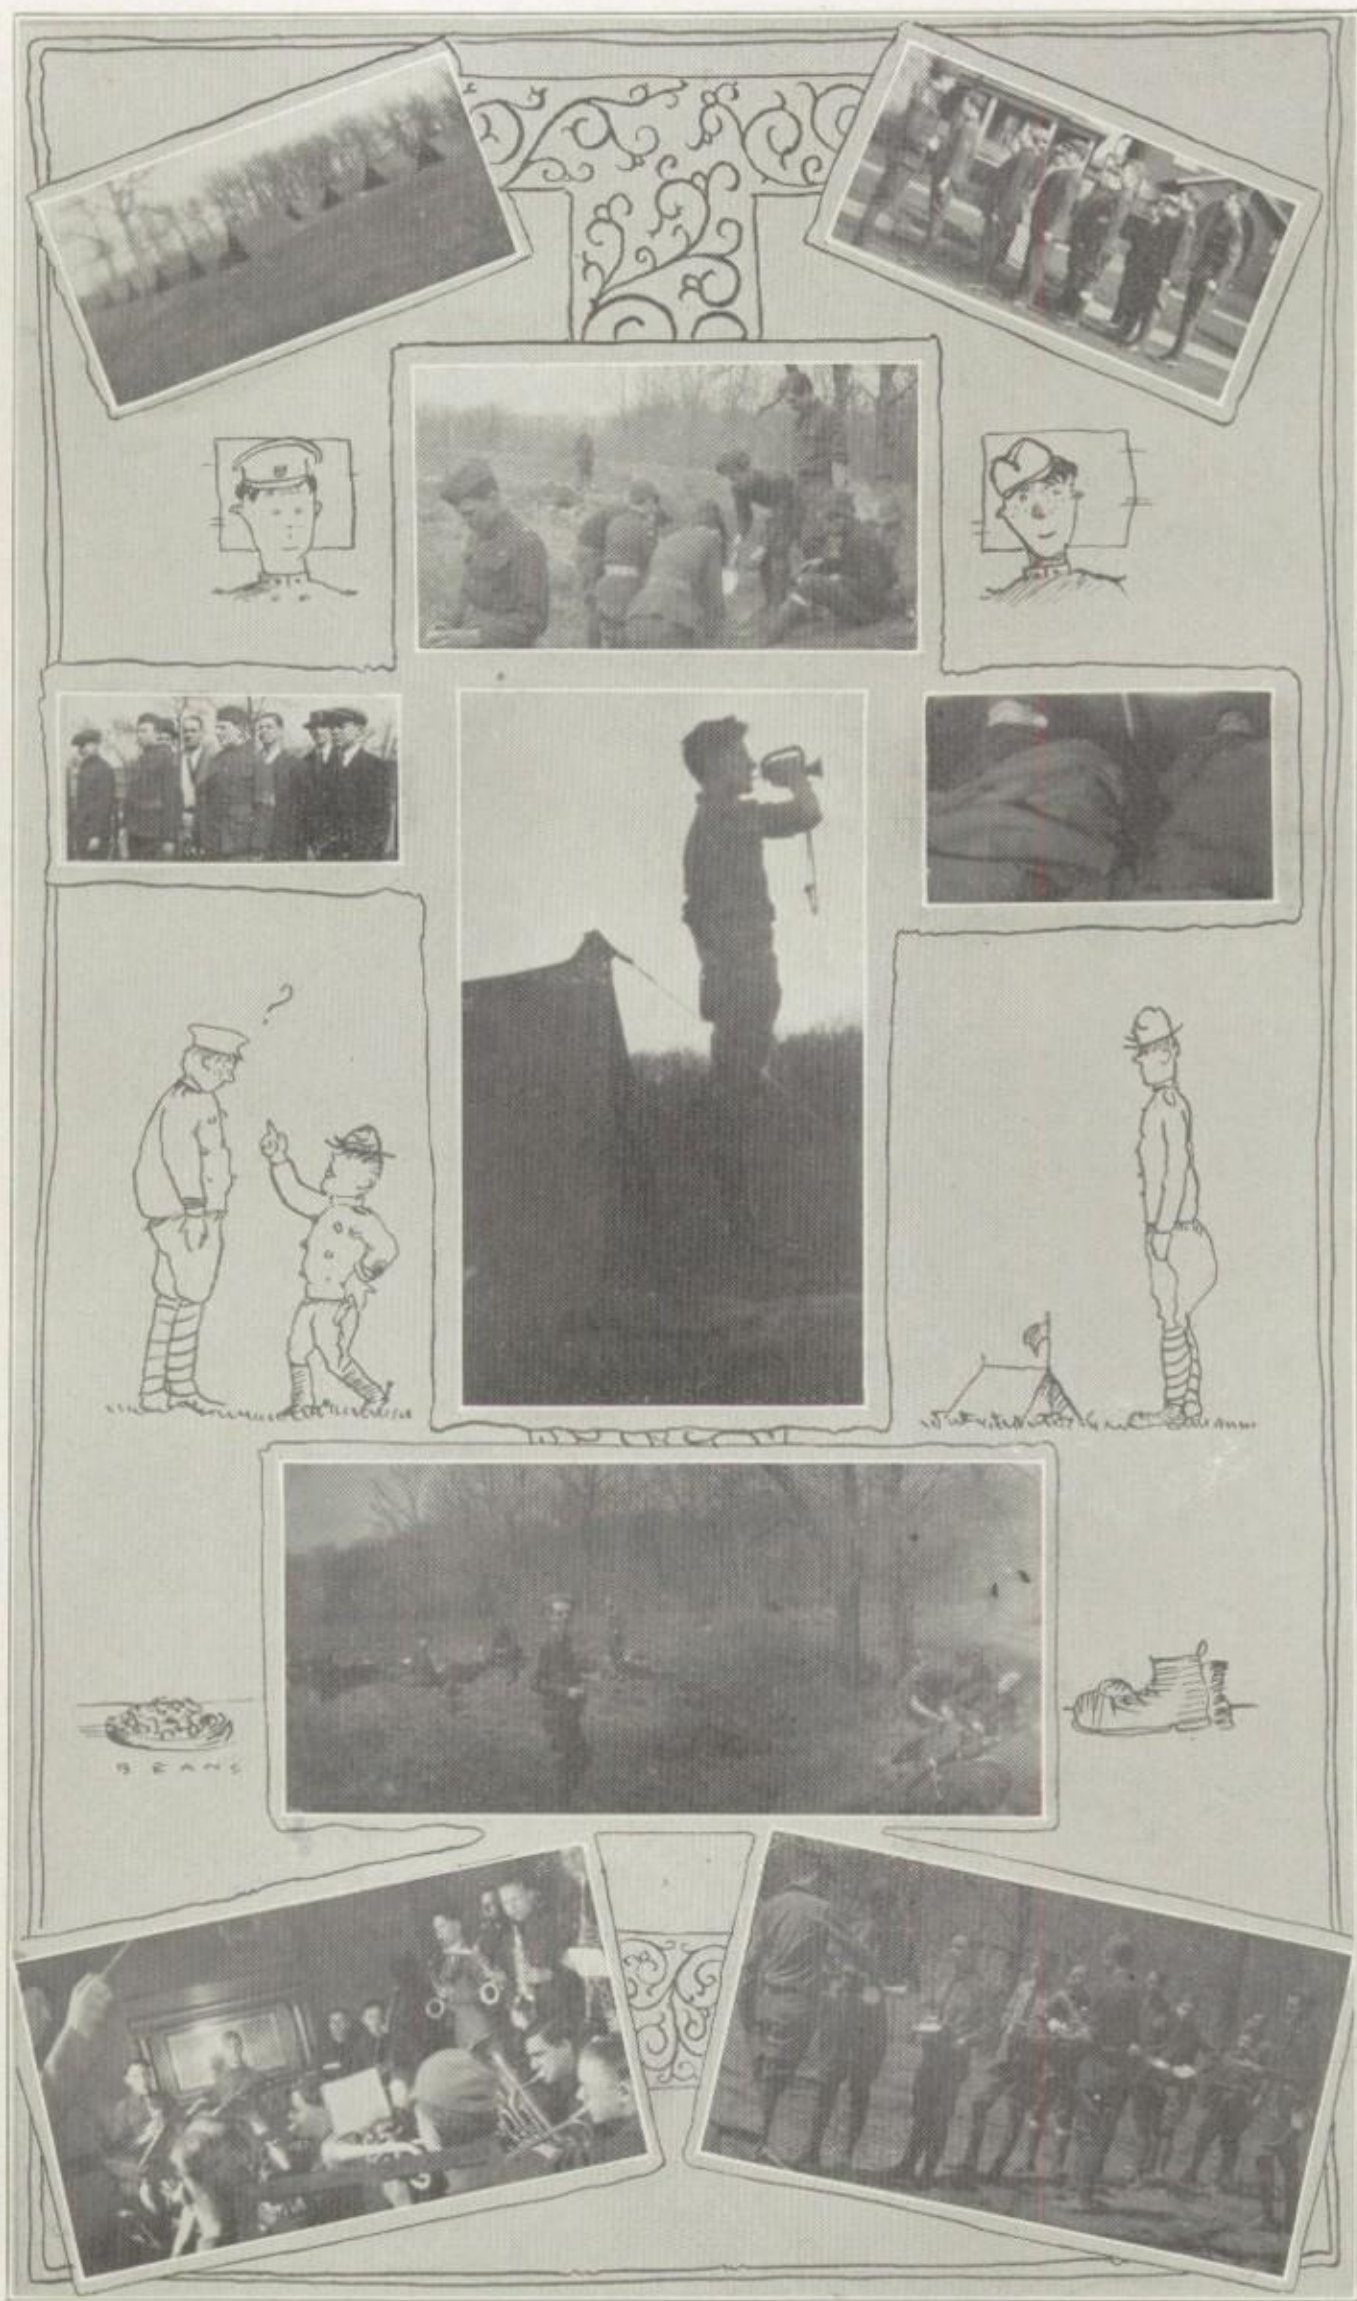

Clifford Parker—First Sergeant.

Our Sharpshooters

Captain Steinbach leads the band.

R. O. T. C.

Parker's R. O. T. C. has just completed a very busy and interesting program, and in addition to its regular study of First Aid, care of the rifle and equipment, military discipline, physical training, signaling, and leadership, it has taken part in many important activities. One of the

Serg't Fuller

primary features in which Parker's unit played a big part was the Model R. O. T. C. Student Contest in which the competitors were judged on physique, soldierly bearing, self-control, politeness, personal appearance, uniform, and military courtesy. Those who represented Parker were: Lieutenant LeRoy Swan, Sergeant Eldon Lusk, and Lieutenant Ellis Hendricks who was awarded fourth place in all the Chicago High Schools.

During the Red Cross Campaign in Chicago the R. O. T. C. aided the Normal College by presenting an Overseas Playlet at the subscription drive assembly given by that institution.

Parker's rifle squad took an active part in the contest for the Hearst trophy and our signal team was entered in the contest under the auspices of the Chicago Daily News.

The cadet officers are: Company A, Joseph Rummler, Captain; Leroy Swan, Norris Jones, Alfred Tredwell, and John Brookes, Lieutenants. Company B: Ellis Hendricks, Captain; and Murton Landis and Burton Stephens, Lieutenants. Lieutenant Stanley Young is the Range Officer and Lieutenant Eldon Lusk, Supply Officer.

Senior Hi-Y

The Senior Hi-Y club of Parker has just finished one of the most successful years in its organization. At the beginning of the first semester the following officers were chosen: Robert Rotchford, president; Harold Brooks, vice-president; and Kelton Gartung, secretary-treasurer. The club sent a delegate to the Annual State Convention at Galesburg; a basket was made up for a poor family at Christmas; and a Freshman Stag was held at the Hyde Park Y. M. C. A.

The next semester found the club in need of new members so seven new recruits were taken in. Norris Jones was elected president; Joseph Rummler, vice-president; and Maturin Bay, secretary-treasurer. The club captured second place in the Annual Hi-Y Track meet, due to Ray Bowers, the high point man. The club also joined a movement called the Fifty-Thousand Club, in which that number of boys pledged to contribute help to boys of foreign countries.

The better part of the credit for the Hi-Y's showing is due to Mr. Johns, our able "Y" secretary. Under his leadership the term of 1924-25 promises to be even more active than that of the past year.

Mr. Post's Country Life Camps

In the summer of 1922, Mr. Post organized the first of his "Country Life Camps" on the farm of Thomas E. Wilson near Libertyville, Illinois. In 1923 he operated two camps as one unit, the other being on the farm of F. Edson White, near Lake Villa, Illinois. For 1924 he has planned to have two more camps on the farms of Samuel Insull and O. W. Lehman.

The purpose of the camps was to install a liking for country life and give the city boy a closer affiliation with it. Recreation was found in the form of baseball, football, handball, swimming, and strolls about the farm. Mr. Post says of these farm camps: It has been clearly demonstrated through two years of experience that these camps are admirably fitted to the physical and educational needs of the city boy.

The second year, in 1923, many improvements had been made, such as closing in the kitchen and dining hall. Due to the experience gained in his first camps he will undoubtedly have added features in the coming season.

The first camp of this nature was conducted on the nine-hundred acre farm of Thomas E. Wilson, near Libertyville, Illinois, in 1922. The initial camp proved so successful and drew such favorable comments from parents that it was operated again in 1923 with additional boys on the nearby farm of F. Edson White. We are planning for 1924 two other camps to be located on the farms of Samuel Insull at Libertyville and on the Lehman Brothers' farms near Lake Villa, Illinois. Since the White Camp will be operated as a separate unit this year there will be four of these camps.

Alumni Association of Parker

The Alumni Association of Parker High School has completed the first year of its organization very successfully. Its purpose is to renew old friendships formed during high school days, and to keep alive an interest in the school on the part of those who have graduated.

So far it has been a decided asset to the school and should be kept alive and active and developed to the greatest extent.

Up to this time it has given two dances, one during the Christmas holidays and one late in June.

The dance during the Christmas holidays was given December twenty-eighth, in the Parker Practice Gymnasium. A collection was taken for the purpose of purchasing gold football watch charms for the members of the 1924 Champion Football Team, as a means of showing appreciation for what the football team has done for the school in athletics. The watch charms are small gold footballs on which are engraved the names of the players, Parker High School, and the year 1924.

At the June dance a short business meeting was held during which the officers were elected.

The officers for the February semester were:

| President..... | Stewart Mulvihill |
| Vice-president..... | William Pierce |

PUBLICATIONS

Green and White

The Green and White, Parker's weekly, has been very successful in many ways during the past year. In the first place, due to good management both semesters, the paper has made money. In the second place, it has received support through outside contributions.

In September, nearly the entire staff was new to Journalism work, but it soon gave evidence of good journalistic and business ability.

Again in February, 1924, many of the former staff were unable to continue, and a call for more journalists was responded to by very capable business managers, some exceptional literary and editorial writers, and efficient news agents.

The Green and White has kept the students well posted on school news, athletics, and other school activities. It has informed them of coming events, aided the Dramatic Club and P. C. L. in membership drives, and voiced student opinion. It has helped to better the school by its policy expressed through the clean-up and other campaigns launched by the school. It has promoted assemblies, supported all activities and advertised the Annual.

It has been of great interest to students in news, stories, personals, and in a new humor department, the Cracked Mirror.

During Girls' Week, the girls took entire charge of publishing the paper, making it almost entirely a girls' issue. The boys did the same during Boys' Week, a few weeks later, and both the issues were great successes.

The Staff has published some fine issues, and the paper received honorable mention and also third place in its section at Illinois at the Journalism Conference last November.

Kampus Key

The Kampus Key, the only publication of its kind during this year, was a Christmas magazine with many interesting features.

It contained very excellent literary material and write-ups of all the classes and organizations. There were several pages of personals and jokes and many pictures of the students. One of the most interesting features was the section devoted to our "Parker Infantry" and to "The Parkerette," a miniature newspaper.

The magazine was, in short, a review of the opening months of the school year, telling what the various clubs and organizations had accomplished, and finally, coming just at the close of the football season, it helped to emphasize the glory and honor of our championship football team. It also contained some good stories, sketches, and poems.

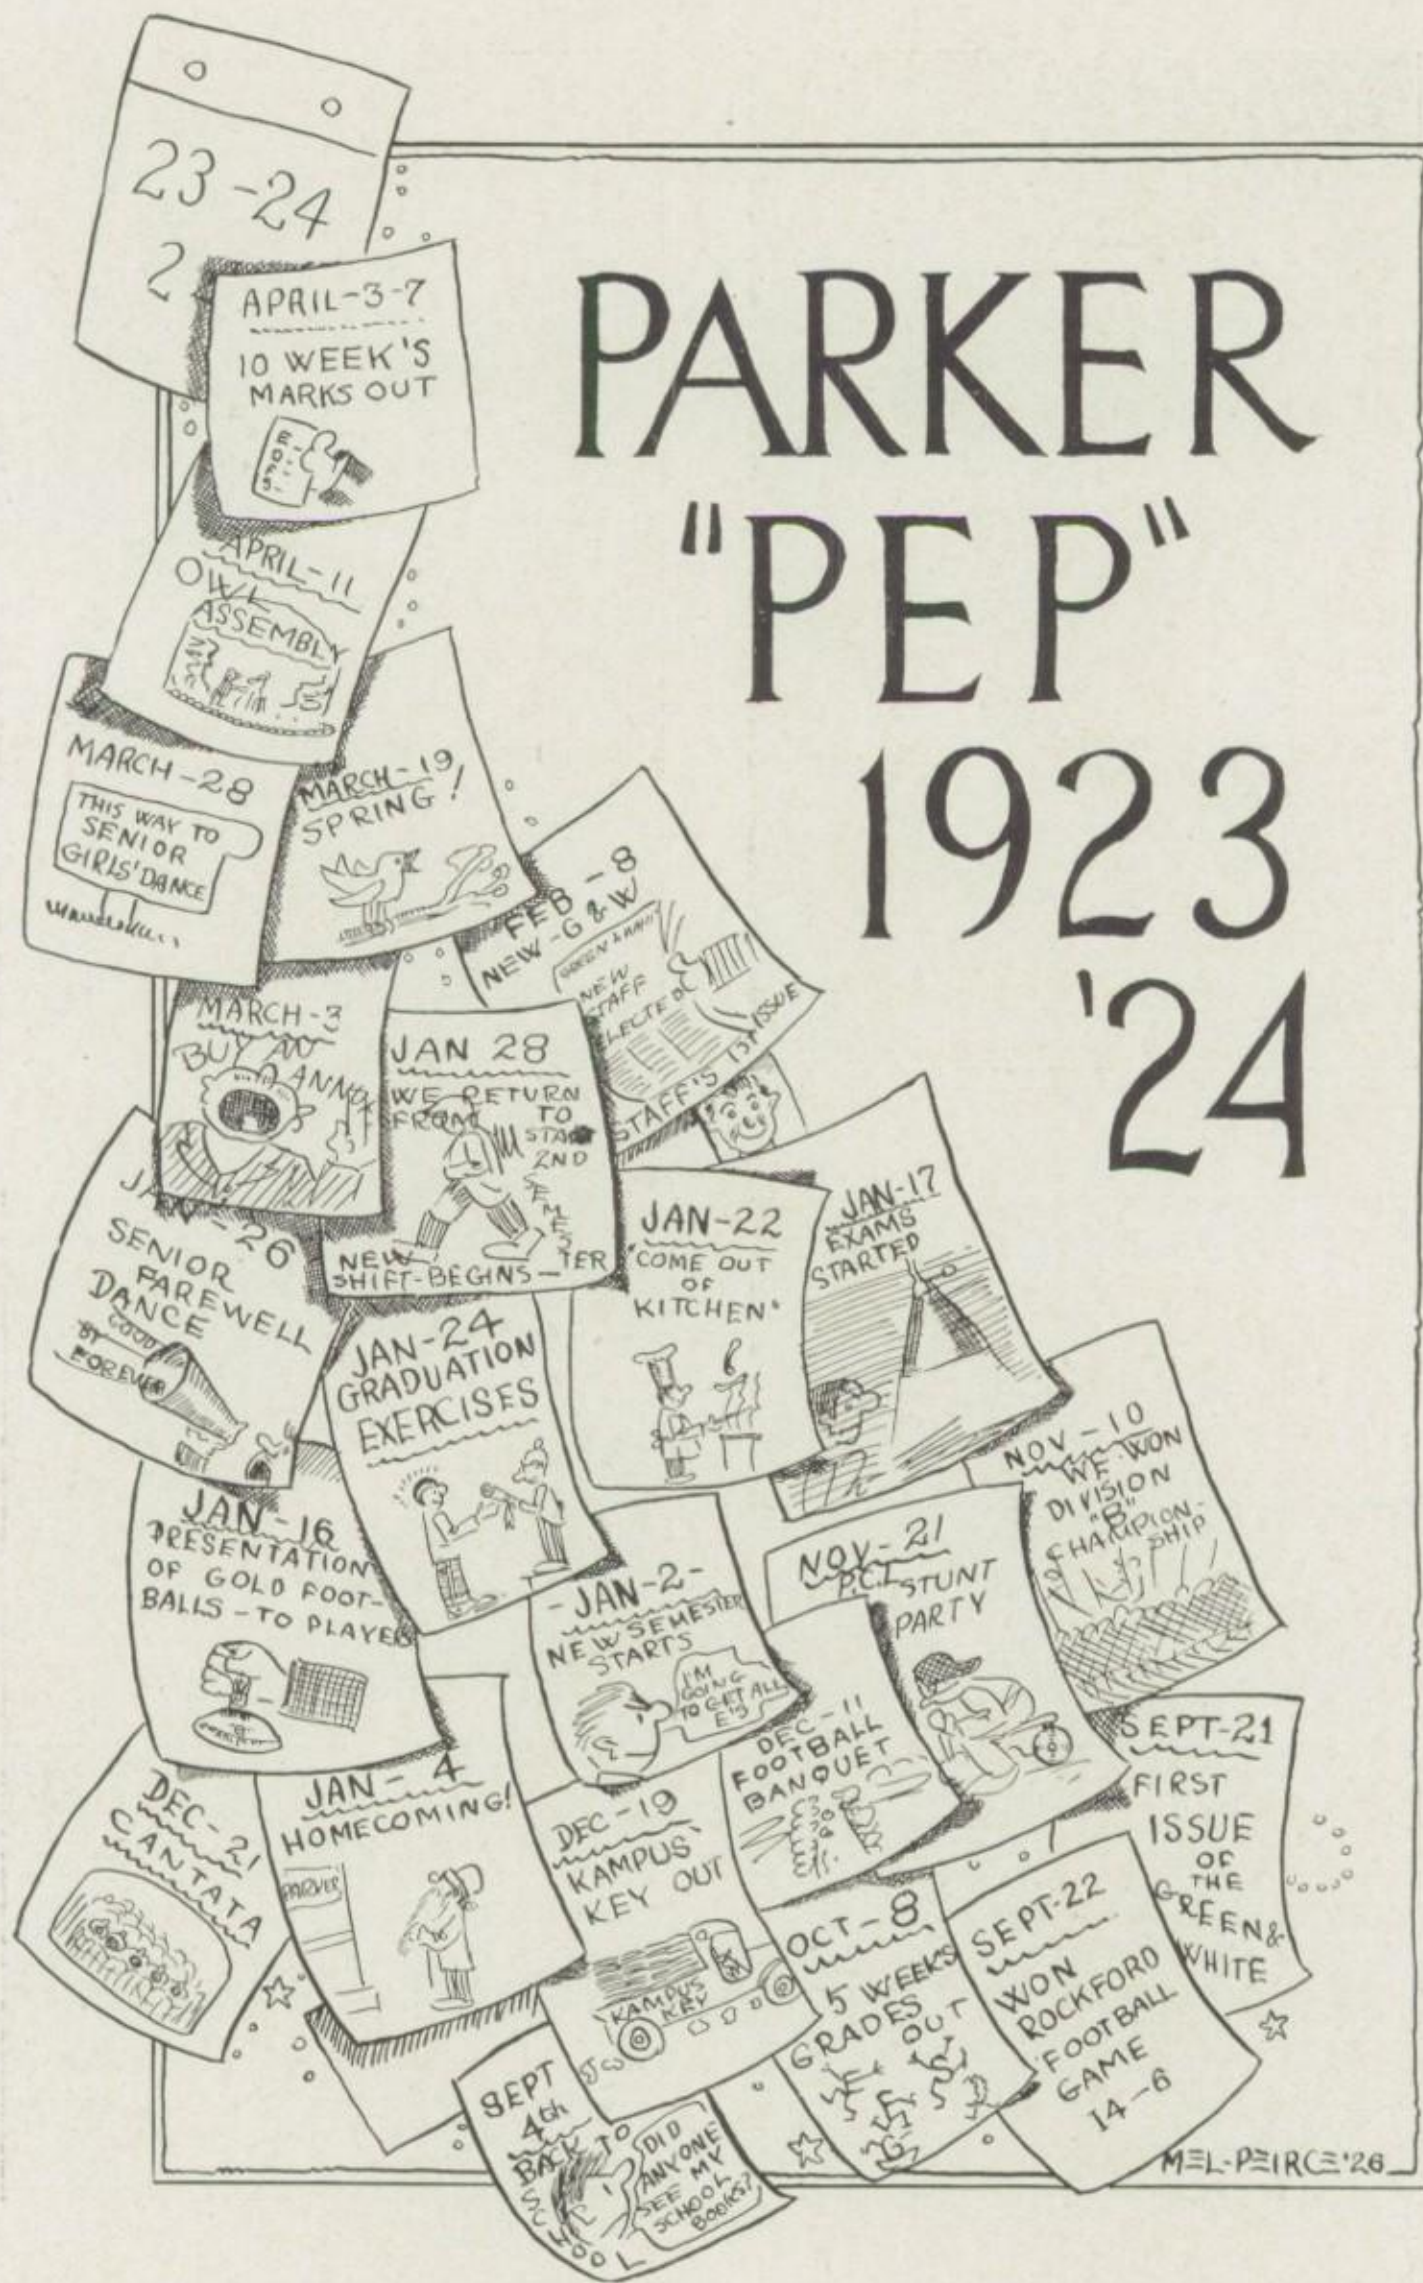

Great credit and praise are due Cecile Rudin, the editor-in-chief, who planned the magazine from the making of assignments, the naming of the magazine, and the cuts, down to the smallest detail. The staff gave its heartiest support and co-operation to Cecile in order that the magazine might be a success. The magazine was very well supported by the school, and more than 1,100 copies were sold.

Next semester's staff will probably try to publish at least one issue of a magazine, but the nature of the publication may be different. It might well be made a literary issue and less a quarterly review.

Stunt Day

The most amusing, and most successful stunt day in the opinion of many was held in the early part of the first semester under the charge of Mrs. Graham.

A few of the June graduates turned into Mother Goose characters to amuse the school. Johnny Brookes and Florence Rysdon were Jack and Jill, and Ed. Delehant made quite a hit as Tom, the Piper's son with his darling pig. A race was conducted on Kiddie Kars! The boys' legs were too short, you know.

Beastly difficult race!

Five girls, Ida McHie, Kathryn Hibbard, Kathryn Turner, Frances Boal, and Adelaide Sahs recited in kittenish tones, "What are little girls made of?" and "What are little boys made of?"

Gertrude Mingea as Miss Wentworth put a group of King Tut's beauties through their morning exercises dressed in bath towels. Miss Wentworth's instructions produced the weirdest poses! Old Tut surely turned over in his grave. Jimmie McManus also favored us with a little ditty, but the title is lost. Ah well!

Mr. French's chalk talk was the crowning glory of the occasion. He asked different persons in the audience to step up and draw a line. Several did and from each one Mr. French made a very amusing sketch.

Great, every bit of it!

Football Banquet

Yea-h-h, Team! Rah! That's how the football banquet, the first in years, was inaugurated at the Normal Park Baptist Church, Dec. 11, by the two hundred or more lively Parkerites that attended. It was given in honor of our championship football team under the auspices of the P. T. A.

And did those "among those present" have fun? Why, almost more fun than on Pep Day, for who gets a chicken dinner on Pep Day? Who hears Mr. Wigger, Mr. Wasserman, and Mr. Maysack debate every day?

Mr. Wigger, Parker's first football coach, was the toastmaster. Before Mr. Owen, the chief speaker of the evening, gave his address, after dinner remarks were made by the coaches, Mr. Perrine, Mr. Stephens, Mrs. Baughman, Mr. Peacock, Captains Conklin and Gustaval, and Rev. McGorrill.

The yells, lead by Chink Barrett, Johnny Brookes, and Kenny Gapen, demonstrated that Parker can still raise the roof when it comes to cheering its fellows.

By a rising vote it was decided that the football banquet should be an annual affair in the years to come.

Haines Christmas Treat

The customary Haines School Treat was a great success last Xmas. We were unusually fortunate, through the leadership of John Brookes, in having so many overflowing cars of "childrens' delight," including wagons, books, dolls, toys, drums, handkerchiefs, and many other toys.

After the distribution of the toys, stockings, canes, and popcorn balls, dear old Santa made his entrance in the person of Kenneth Gapen. He was very heartily welcomed, and to the delight of everyone gave a short jolly talk of the busy days that were confronting him.

Due to the children's gratitude, the visitors were entertained with a native dance, given by a little Bavarian girl and boy. The music was provided by a remarkably talented young Italian mouth-organist.

The children heartily thanked the Parkerites for their kindness towards them, and wished them all a Merry Xmas.

Homecoming

The stage, the ballroom, the swimming tank, the gymnasium, and the scientific world were all combined to lure the mothers, fathers, sisters, brothers, uncles, aunts, and cousins of ye staunch and true Parkerites to ye olden time Homecoming.

First on the program was a declamation contest in the College Auditorium. Russell Plutz and Helen McReynolds won first and second places respectively.

"The Lover's Quarrel" featuring Marjorie Haeberlin, Katherine Hibbard, Merril Fugit, and Eldon Lusk; and "The Maid of France" given by Robert Enos, Martha Hyde, Margaret Ritchie, Bernard Procter, and Kenneth Gapen were presented at the Little Theatre under the direction of Miss Baker.

One of the most exciting features of the evening was the Parker versus Alumni basketball game which Parker won amid ringing cheers. The loyal Alumni who turned out were: Charles Lamb, Edward Conklin, Robert Brown, Earl Boyer, and Richard Vail.

The girls' Senior-Junior Baseball team defeated the champion Sophomore team in an exciting battle, with a score of 9-3.

Swan, jackknife, and plain dives were features of the swimming demonstration given by Mr. Maysack's swimming classes. Cornelius Oker and Willard Reinert starred.

Parker's orchestra furnished the music for the dance which was so well attended that there was not enough of the luscious fruit punch for all. Just outside, the Boy's Scientific Club exhibited radios made by the members.

Channing Barrett in charge of the social committee, Alice Mulder chairman of refreshment committee, and Gloria Werkmeister, general manager of the entire evening combined to provide a happy enjoyable evening for the "whole family."

Parker Promenades

P. C. L. Dances

Parker's permanent institution, the P. C. L., improves each year in the number and quality of its dances, excursions, and entertainments. For the semester from September to February the social committee consisted of two seniors with Florence Rysdon as chairman. Five dances and two excursions were given in addition to a stunt party. The excursionists to the Hydrox Ice Cream Company each received an Eskimo pie.

At the beginning of each semester a dance was given free of charge to promote interest in the Civic League. Five students and two teachers from Elgin High attended one of these dances given February 13th at which the music was furnished by Baker's Orchestra. This was one of the most enjoyable P. C. L. dances of the year.

Senior Girls' Club Dance

A St. Patrick's dance was given one Friday in March by the Senior Girls' Club. Green caps were given to the boys and girls alike, with white tassels on them and each dancer was numbered. An elimination dance was held and also a dancing contest which Bourie MacCauley and Charles Mount won.

Senior-Junior Thanksgiving Dance

The seniors entertained the February alumni and the juniors in the Art's gymnasium Wednesday, Nov. 14. It was evidently a Thanksgiving affair for very decorative orange programs with a picture of a Puritan carrying a turkey on his musket were given away. A large crowd attended and from all appearances enjoyed themselves immensely.

Elmo's Dance

On March 6th in the Arts gym, the Elmos, a club formed to increase Parker spirit and the attendance at games, gave a dance for the benefit of the Rifle Team. Nearly everyone turned out and the dance proved a huge success. One of the features of the occasion was a robber's dance. To Hanneman, manager of the affair, is due greatest credit.

One rousing cheer for the founders of the Elmos. For consider their object—is it not noble? Parker spirit!

LITERARY

A SPECIAL STAR

In memoriam Woodrow Wilson, February 3, 1924

A bugle wailing over fields and seas
Revives heroic hours and griefs long told;
And in a hundred lands where soldiers sleep
A special star turns gold

Night falls, and peace, on every tragic scene;
Voices that thundered scorn their tribute give
A war-torn banner crowns a champion's bier;
Broken a dreamer that a dream might live.

War-fevered visions fade;
Shrewd wisdom of the trading mart abounds;
In minds attuned to whisperings of change
His far-flung challenge sounds.

Whose hand shall lift the torch from hands that fail?
Dark is the road and flickering the gleam.
Around his tomb the nations raise one prayer,—
For light to live his dream!

—Helena Gavin

Colonel Francis Wayland Parker

There is, perhaps, no name more widely known among the teachers of this country than that of Col. Francis Wayland Parker, after whom Parker High School was named. To this popular educator is due the credit of revolutionizing the public school system—of doing away with dull routine methods and making school life more pleasurable.

From earliest childhood Francis Parker thought and talked of being a teacher. It was always his dream, his one ambition. When sixteen years old he was teaching a school of seventy pupils, many of whom were older than he. During the Civil War he enlisted and was rewarded for his bravery by the position of colonel, but when he was mustered out of the army he again went back to teaching. He found, however, that he was growing away from the time-honored traditions of his vocation and tried to introduce new ideas into the school system, but he was opposed by his fellow teachers. In doubt as to whether his ideas or the old system was better he entered King William's University at Berlin, Germany and took a two years' course there. His opinions found strong confirmation in that center of intellectual development and he returned eager for an opportunity to put his theories into practice. He was given the position of superintendent of schools in Quincey, Mass., where he began his work of transforming the schools.

One writer says, "Col. Francis W. Parker found the schools machines, left them living organisms; drill gave way to growth, and the weary prison became a pleasure house." His next position was principal of the Cook County Normal School which he held until his death.

It is fitting that Parker should have been named after this great educator, Francis Wayland Parker, as our high school personifies his greatest work, that of making the school an institution wherein youth might attain to a high level of mental and physical development.

PARKERIS

By the borders of the campus,
Near the cars of Sixty-ninth
street,
Stood the wigwam of Parkeris,
Teacher of the young, Parkeris.
Tall and sturdy were its buildings,
Fine and large its halls and rooms.
Then to here there came a Freshie,
Timid, shy, a little Freshie,
Seeking learning, seeking knowl-
edge.

Many things Parkeris taught him,
Of strange words and people,
And the little Freshie
Learned of numbers, hopeless
jumbles.
Seemed to him an endless task,
Seemed to him a marvel, wonder.
Wondered if he'd ever learn it,
His diploma, if he'd earn it.

In his room on summer evenings,
Sat the lonesome little Freshie;
Heard the calling of the "movies,"
Heard the rhythm of the dancing,
Sounds of music, jazzy music,
While he sat, through the dusk of
evening,
Studying, burning oil of midnight.
Ere upon his bed he lay,
Ere in sleep he closed his eyelids.

Bear up, little Freshie, timid,
Trust Parkeris, trust your teach-
ers.
Think not of the dread "Flunki-
tis,"
Think not of the summer sessions.
You will make it if you study,
Study till it seems to hurt you,
Study till the words and phrases
of your lessons,
Come to you as clear as water,

Clear and shining Big Sea water.
Water as the other little
Freshie, Hiawatha, saw it.
As Nokomis.
So Parkeris;
All will end as you would have it.
Marie Wendland.

LAETITIA—JOY

I told you it would come to me!
I bummed along and took my
time.
That stuff comes easy all the time.
Of course, that's just like it should
be!
I told you it would come to me!

I told you it would come to me!
She gave to me a big fat "S."
Of you, she made an awful mess;
But I got this deservedly—
I told you it would come to me!

* * *

DOLOR—GRIEF

She done me dirt; she did me
wrong.
I worked, and worked, and worked,
and worked.
I studied, and I never shirked.
I burned the midnight oil—so
long!
She done me dirt; she did me
wrong.

She done me dirt; she did me
wrong.
She scribbled down a bright red
"D,"
And said that's what should come
to me.
And so I sing my doleful song—
She done me dirt; she did me
wrong.

Charles Newton.

ODE TO AUTUMN

SEPTEMBER

The leaves are rustling in the
trees.
And skirts are fluttering 'round
bare knees;
And every one doth sneeze—and
sneeze!
Oh, ain't it nice in Autumn?

OCTOBER

The leaves are falling on the
ground;
We cough and make a hollow
sound;
The teachers also cough and
frown;
Oh, ain't it nice in Autumn?

NOVEMBER

The snow doth fall, ad it is cool,
We dake three hadkerchiefs to
sgool,
We dalk juld lig a berfect fool!
Oh, ain'd id dice id Autub?

Charles Newton.

HALLOWE'EN

Ghosts—laughing faces covered
with gruesome masks;
Little children entwined in long
winding sheets;
Is that not Hallowe'en?
Pranks—throwing of corn and
soaping of windows.
Uprooting of signs and of good
farmers' gardens;
Ringling of door-bells, horns and
trumpets galore,
Cat-calls and laughter, weird
howls and groans,
Midnight prowlers of horrible as-
pect;
Is that not Hallowe'en?
Parties—Young people dancing,
light-hearted and happy;
For the young and the old a time
of hilarious fun;
Is that not Hallowe'en?
Stories—of witches riding on
broomsticks,
Goblins, ghosts and spirits that
roam at the hour of twelve;
Is that not Hallowe'en?

Cecile Rudin.

AUTUMN

Autumn, with her apples mellow;
Autumn, with her pumpkins yellow;
Indian summer like a story,
Has come to us in all its glory.

Autumn, can't you hear her calling?
Can't you hear her footsteps falling
Slowly, softly, o'er the earth
That always welcomes her with mirth?

Autumn, when the world is brightest;
Autumn, when the heart is lightest;
Indian summer, gay and clear,
Banner season of the year!

Alibi

The Editorial offices of the Parker Annual were in an uproar. All was confusion. The editor-in-chief, the type setter, the rewrite editor, and the errand boy walked to and fro in the half of the room that was not occupied by the chair, wringing their hands and softly shrieking.

"Wottle we do? Wottle we do?" she moaned. "Where'll we put it all? I've tried and tried, and still it comes in. Floods of it! Copy coming in at every opening. I've tried to stop it, but it's irresistible! They won't stop!"

"Already we have two-hundred pages too many in the Annual. It's overflowing! Where can we put it? What can we do with it?"

Silence.....

Suddenly the rewrite editor sprang up, shouting loudly, smitten—with an idea.

"I have it!" she cried. "Eureka!"

"What? What? What is it? Did you get it from the same barber I did, and does it itch?"

"No, no, no no no!" cried the rewrite editor. "Not that! not that!—I mean the two hundred pages!"

"Well—let it out," said the editor-in-chief.

"Here's what we'll do! we'll **put it in the humor section!**"

The following is the result:

Two things hath a man that are pleasing to woman—many fair shekels of red gold and a large, beautiful chariot; and two things hath a woman that are pleasing to man—her looks and her reputation—and lo, all is soon destroyed—shekels, chariot, looks, and reputation.

* * *

Sad is the end of a man who has been weighed by a gold-digger and found wanting, and stripped of what little gold he hath, and left upon the highway; for many are called, but few are chosen, and

these be of the fastest, for to the swift the race, and to the strong the battle.

Three kinds of dates there be: a parlor date, a riding date, and a dance or show date; and the first costeth thee naught, and the second costeth thee little, and the last costeth thee much; yet the man hath the greatest pleasure out of the first, less out of the second, and least out of the last, and this showeth that the more natural pleasures are the more joyful are they.

Rabbi McCarthy Kicks the Bucket

INFAMOUS HERO OF PARKER'S GRIDIRON KICKS OFF

Rabbi McCarthy has at last succeeded in doing something closely akin to the act of Mrs. O'Leary's cow. A lamp not being available at the time he proceeded to kick the bucket. He lived and died at Parker High, but the last time he dyed the dye faded and he became possessed of an unreasonable anger and died as above.

* * *

OUR EDITOR-IN-GRIEF SAYS—

"I am sorry that the lie about our Rabbi is true. I did not believe it until last night, when 'Bus' Conklin told me in an interview full of tears that he was responsible for Dinty's calamity. He said that Mr. Mac was full of dirty tricks such as evidenced in the last game of the season at the sta-

dium to be started next summer on Burr Field, when he pushed an opposing player in the mud. This statement by his arch friend, Conklin, so filled our Rabbi with sorrow that, like the sparrow in the story, he tried to drown his sorrows in a bucket, but his foot slipped."

Then she could say no more.

* * *

MR. FARRELL SAYS OF HIS LAST GAME—

"Dennis was a nice guy, but he made one big mistake. This occurred in the last game of the season. While watching some chicken in the grandstand, he called a fowl when there was none, by claiming that the opposing team, the 'Carps,' was a branch of the 'Order of the Fish on the Columbia River.'"

Moral: "Although we hate to lose you, Dinty, vacation calls."

Following is a Russianized version of "Barbara Fritche:"

Barbarovne Frietjisk

The Southern troops were marching through the little town of Petersburg, Junctionoff. As they passed through Mainovitch street a window was opened and Barbarovne Frietjisk thrust out her head.

"Shoot if you must this old grey head," she cried, waving a flag.

General Stonewaldek Jacksnovitch stopped, gave an order.

The gun of one man, Nikolai Mikhailovitch, missed fire. He was thrown to the wolves.—*College Humor*.

"Jahn & Ollier Again"

ACHIEVEMENT

The goal of every ambitious man and firm is typified in the rapid growth of the Jahn & Ollier Engraving Company—the universal esteem in which their art and plates are held by the large national advertisers—and the enviable reputation for prompt deliveries which they enjoy.

Delivering this same high quality and careful personal supervision to schools has built up for us the largest college and high school annual engraving business in America—400 books yearly.

Thirty thousand square feet of floor space (4 floors) and over two hundred and fifty skilled employees are required to meet the constant demand for "J&O" commercial photographs, art, color process plates and photo engraving (one complete floor is devoted to color process work).

Intelligent supervision of all work by many skillful office service men eliminates your troubles. Sales service men sent everywhere.
